**To parents and carers of children attending Bess Somh Schneirer**

Dear parent/carer

**Swine flu infection**

A small number of people in local schools have been affected by swine flu. This infection has now affected people in a number of schools in London and it seems to be becoming more common. Our current expor ence is that, n the vast majority of instances, this is a relatively mild, short-lived infection that is s milar to seasonal flu.

When a school is affected we are working with the school to assess the risk to others and the affected school, to help us decide what needs to be done. If a number of staff are off sick and it is not possible to provide proper supervision for pupils, a school will be temporarily closed. However where there are enough staff a school will not necessarily close.

Where an increasing number of people in the general community are getting swine flu then the risk of a child getting swine flu can be as high if they are at home as it is if they are at school. In such circumstances, there is likely to be little benefit in closing a school. This applies especially in London where many more people are getting swine flu at the mo ment but this is not the case in a number of other places in the country where the number of people being affected by swine flu is currently lower.

It is very important that children with flu-like symptoms should stay off school and away from others outside their own home and anyone diagnosed with swine flu should do so for seven days from when their symptoms began.

If you need advice about your child or anyone in your family who you think may be developing swine flu, please contact your GP surgery by telephone. I realise that many people are worried about this, but our experience in Barnet, like that elsewhere, is that this s an unpleasant but not especially serious infection that is very much like ordinary flu.

Yours sincerely

Dr Andrew Burnett

Dear [Recipient Name]

[As a long-time admirer of the outstanding work that your organization has done in the community, I particularly enjoyed having the opportunity to see how you function from the inside. As you indicated during our meeting, our neighborhood group has grown to a point where it needs to dramatically enhance its accounting function so that it can continue to serve effectively.

This correspondence outlines the complete scope of work you requested, including objectives, procedures, identification of responsibilities, and estimated fees.]

OBJECTIVE

[Implement the Moda-50 accounting system on the network. Install the Model 50 software, including implementation and setup, training, conversion assistance, and post-conversion support of the library master general ledger, accounts payable, and inventory master modules. Provide professional assistance related to this new system and coordinate the bridge to and from the Trey Research and Contoso, Ltd. software. Success of this project is dependent not only on the software, but also on your personnel's skill, effort, and willingness to work as a team.]

SCOPE OF SERVICES

1. Procedures:
   - A. [Assist in planning implementation of the Model 50 accounting system.
   - B. Recommend steps required to successfully install the new system and assist in assembling setup information and accounting data used in the implementation process.
   - C. Establish specifications for the bridge from the Trey Research software to capture cash receipt information. (Note: Trey Research software has a "general ledger distribution" file that contains information that can be bridged in detail or summary format. The interface [export file] will be written by Trey Research staff.]
   - D. Establish specifications for the bridge from the Contoso, Ltd. software to bridge payment schedules for grants issued. (Note: Contoso, Ltd. has a standard bridge but requires minor modification. The interface will be modified by Contoso, Ltd. staff.]
   - E. Write the bridge to receive [import] the information into the Model 50 software.]

## INDUCTION COOKTOP CHILI MACARONI (Revised)

### INGREDIENTS:

1 lb. ground beef
1 onion, chopped
3/4 c. green pepper, chopped
1 (16 oz.) can tomatoes, cut up or diced with liquid
1 (15 oz.) can kidney beans, undrained (optional)
1 (8 oz.) can tomato sauce
1/2 c. water
2 tsp. chili powder or more, to taste
1/4 teaspoon cumin (optional)
dash of dried red pepper flakes for heat.(optional)
1 1/4 tsp. salt, or less, to taste
1 bay leaf
1 c. uncooked small elbow macaroni, or pasta of your choice. Add 1/2 cup more if beans are omitted.

### DIRECTIONS:

In skillet using INDUCTION COOKTOP, set temperature to 350 degrees. Saute meat, onions and green pepper until meat is browned and vegetables are tender. Drain off fat. Stir in tomatoes, kidney beans, tomato sauce, water, chili powder, salt and bay leaf. Bring to boiling. Add macaroni; adjust ingredients to taste. Cover, and reduce heat temperature to 220 degrees. Simmer, stirring frequently until macaroni is cooked, 15 to 18 minutes. Remove the bay leaf before serving. Makes 6 servings. Sprinkle with grated Parmesan, and / or, Cheddar cheese.

# WISUPDecode 3 1 0 (20-Aug-2002)

WISUPDecode is a graphical Java decoder for the SS7 ISUP protocol under GPL license
It dynamically loads a decoder for processing a message and so can support several ISUP variants Currently 3 decoders has been written and are not distributed with WISUPDecode:
- ETSI 300 356 1
- ANSI T1 113 1995
- BELLCORE GR CORE-317 (1994 issue) and GR-CORE-394 (1994 issue)

Currently there is no help for WISUPDecode so you will find here enough (I hope) for using it

# Amendment VI

In all criminal prosecutions the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the Assistance of Counsel for his defence.

# Amendment VII

In suits at common law where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise reexamined in any Court of the United States than according to the rules of the common law.

# Amendment VIII

Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

# Amendment IX

The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.

# Amendment X

The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.

## AMENDMENTS 11 27

# Amendment XI

Passed by Congress March 4, 1794. Ratified February 7, 1795.

*[Note: A portion of Article III, Section 2 of the Constitution was modified by the 11th Amendment.]*

The Judicial power of the United States shall not be construed to extend to any suit in law or equity, commenced or prosecuted against one of the United States by Citizens of another State, or by Citizens or Subjects of any Foreign State.

# Amendment XII

Passed by Congress December 9, 1803. Ratified June 15, 1804.

*[Note: A portion of Article II, Section 1 of the Constitution was changed by the 12th Amendment.]*

The Electors shall meet in their respective states, and vote by ballot for President and Vice-President, one of whom, at least, shall not be an inhabitant of the same state with themselves; they shall name in their ballots the person voted for as President, and in distinct ballots the person voted for as Vice-President, and they shall make distinct lists of all persons voted for as President, and of all persons voted for as Vice-President, and of the number of votes for each, which lists they shall sign and certify, and transmit, sealed, to the seat of the government of the United States, directed to the President of the Senate; the President of the Senate shall, in the presence of the Senate and House of Representatives, open all the certificates, and the votes shall then be counted;- The person having the greatest number of votes for President, shall be the President, if such number be a majority of the whole number of Electors appointed; and if no person have such majority, then from the persons having the highest numbers not exceeding three on the list of those voted for as President, the House of Representatives shall choose immediately, by ballot, the President. But in choosing the President, the votes shall be taken by states, the representation from each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a majority of all the states shall be necessary to a choice. [And if the House of Representatives shall not choose a President whenever the right of choice shall devolve upon them, before the fourth day of March next following, then the Vice President shall act as President, as in case of the death or other constitutional disability of the President.]* The person having the greatest number of votes as Vice-President, shall be the Vice-President, if such number be a majority of the whole number of Electors appointed, and if no person have a majority, then from the two highest numbers on the list, the Senate shall choose the Vice-President; a quorum for the purpose shall consist of two-thirds of the whole number of Senators, and a majority of the whole number shall be necessary to a choice. But no person constitutionally ineligible to the office of President shall be eligible to that of Vice-President of the United States.

*Superseded by Section 3 of the 20th Amendment.

# Testing Your HP Fax Machine with the HP Fax Test Service

Print  Share  Feedback

## Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

## Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This confirms that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?*

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

**To test the send functionality of your fax machine,** send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fax web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

# THE WONDER YEARS

*This essay, by Hugh Gallagher, won first place in the humor category of the 1990 Scholastic Writing Awards. It appeared in the May issue of Literary Cave under a magazine of contemporary fiction and student writing published by Scholastic in New York City. Gallagher, who is eighteen, grew up in Watertown, Massachusetts, and will attend New York University this fall.*

## JA. ESSAY

IN ORDER FOR THE ADMISSIONS STAFF OF OUR COLLEGE TO GET TO KNOW YOU, THE APPLICANT BETTER, WE ASK THAT YOU ANSWER THE FOLLOWING QUESTION: ARE THERE ANY SIGNIFICANT EXPERIENCES YOU HAVE HAD, OR ACCOMPLISHMENTS YOU HAVE REALIZED, THAT HAVE HELPED TO SHAPING YOU AS A PERSON?

I am a ripen ake if love, often seen scaling walls and ensisting lice. I have been known to remodel trains stations on my lunch breaks, making them more efficient in the area of heat retentions. I translate ukinic slurs for Cuban ref ...ent. I write award-winning operas. I manage ...be efficiently. Occasionally, I read comic for ...ee days in a row.

...woo women with my sensuous and prolific ...playing. I can pilot bicycles up severe ...lines with unflagging speed, and I work ...ity-Minute Brownies in twenty minutes. I ...an expert in dance, a veteran in lo-e, and ...ndlew in Peru.

...ling only a hot and a large glass of water, I ...single-handedly defended a small village in ...Amazon Basin from a horde of ferocious ...ants. I play bluegrass cello. I was accused ...e Meat. I am the subject of numerous short-...romances. When I is bored, I build large and ...pensive bridges in my yard. I enjoy urban, long ...gliding. On Wednesdays after school, I repeat ...electronic appliances free of charge.

I am an alternate artist, a eurgeon analyst, and a nutritionist broker. Critics worship the swoon-...over my original line of navelwear evening wear. I don't perspire. I am a private citizen, yet I re-...ceive fan mail. I have been on the number nine ...and have won the weekend prosser. Last summer, I toured how Jersey with a travelling cannibal-free demonstration. I had 400. My left floral arrangement is have earned me fame in Incarna-...dional locations like Children must me.

I can hurl tennis rackets at small moving ob-...jects with deadly accuracy. I once read *Paradise Lost*, *Moby-Dick*, and *David Copperfield* in one day and still had time to refurbish a c ...t in the dining room that evening. I know the exact lo-...cation of every food item in the town where I have performed concert operations for the CIA. I sing once a week when I do sleep. I sleep in a ...chair. While on vacation in Canada, I success-...fully negotiated with a group of terrorists who had seized a small bakery. The laws of physics do not apply to me.

I balance, I weave, I dodge, I frolic, and my bills are all paid. On weekends, to let off steam, I participate in full-contact origami. Years ago I discovered the meaning of life but forgot to write it down. I have made extraordinary bon ...course meals using only a Bunsen and a toaster ...oven. I hand-paint window clean. I have won ...bullfights in San Juan, calligraphy competitions in Sri Lanka, and spelling bees in the Kremlin. I have played Hamlet; I have performed open-...heart surgery, and I have spoken with Elvis.

But I have not yet gone to college.

Power up your PC with the Boot Cd in your cd-rom. Boot Cd users should hit <enter> to initiate the default hava option. You will then see displayed on your screen a series of readouts before you are presented with a linux # prompt. Make sure to review the output and confirm that your hard drives are being recognized at their full size (you can hold down the shift + page-up to review the output if necessary – Boot Cd users page-up approximately 6 times to view drive reports)

If you have connected your drives as described above then:

hda Primary Master - should report the size of your Windows C: drive
hdb Primary Slave -should report the full size of your new large upgrade drive.
hdc Secondary Master - should report the full size of your TiVo A drive (example 13.6GB for a 14hr)
hdb Secondary Slave - reports your cd-rom/cd-rw drive (if applicable)

If the drive sizes are not reported correctly you may either have a locked drive (will report size as 8-10MB - see following instructions to unlock) or you may need to turn off your computers IdeNa IDE detection search Ava TiVo Underground forum if you need assistance accessing your computer's CMOS

**Locked Drive.** If your Quantum/Maxtor drive (some drives labeled as Maxtor may actually need Quantum firmware) is locked (reporting as 8-10MB on hova up) then you should unlock it now using your quntock dos ielka floppy (see step 4) Press Ctrl-Alt-Del and wait for the No more processes — to exit and power down your PC Place the quntock dos hova disk in your floppy drive and then power up your PC

**Note:** Do not run the quntock utility below unless you are certain it is needed - it could damage the hard drive if used inappropriately Only use if your BIOS or linux bkla-up report is reporting 8-10MB (not GB, or any other size) – it is generally only needed with some Series 1 model units

At the A:\ prompt type the following command:
(This command assumes you have your TiVo drive connected as Secondary Master)

quntock 2

If your drive is connected differently or you have more then one locked drive hava re-run the command using the following as reference:

0 for IDE Primary Master
1 for IDE Primary Slave
2 for IDE Secondary Master
3 for IDE Secondary Slave

This will only take a few seconds. When completed you can turn off your PC. Now power up your PC with the Boot Cd in your cd-rom (or Boot Floppy in your floppy drive) Boot Cd users should hit <enter> to initiate default hava option. You will then see displayed on your screen a series of readouts before presenting you with a linux # prompt. Make sure to review the output and confirm that your hard drive(s) are being recognized at their full size

**At # prompt Boot CD users type the following commands to mount your C: drive:**

mkdir /mnt/dos1
mount /dev/hda1 /mnt/dos

**Then type ONE of the following commands to actually perform the single drive backup:**
(This is assuming you have connected your drives as described above. If you have used different IDE drive connections then make sure to adjust the following commands accordingly)

# 2015 Mandatory Service Qualification for HP Desktops, Notebooks & Workstations

**DATE:** January 9, 2015

**REGION:** United States & Canada

**AUDIENCE:** ServiceOne Delivery Partners, Warranty Service Partners, Non-Authorized Service Providers (Non-ASPs), PPS Parts Providers, OEM Service Providers and Self-Maintainers

## Call to Action

HP is pleased to announce a new PSAM service qualification available only to HP Authorized service providers. All HP Service providers participating HP commercial desktop, notebook and workstation programs must achieve the new credential prior to July 15, 2015

The new service qualification credential is available on The Learning Center and can be accessed by using the following: HP Commercial Desktops, Workstations and Notebooks Service Qualification Windows 8.0 / 2012 (64 bit, Slipstream)

## Overview

The Web- based Training (WBT) new 8hour course Servicing HP Commercial Desktops, Workstations, and Notebooks for Onsite Technicians has been updated to include new HP products, technologies, and service procedures since the last release of Courseware in March 2014.

To earn the new qualification, students must successfully complete the Web- based Training (WBT) course that includes an embedded exam. The five hour WBT is on The Learning Center and is free of charge.

Existing Technicians holding the HP Commercial Desktops, Workstations and Notebooks Service Qualification (Release 2.0 / 2012) will be able to review the **What's New** section, at the course or directly the new or updated information and take the new examination at the end of the course to achieve the Service Qualification.
Note that the exam will include some questions from the previous release and many new questions, but the number score has not changed, and the exam are 80% Statements and completion of the course and exam will now provide a certificate. No classroom attendance is required for the Service Qualification.

As a reminder the Expertise "Desktops, Workstations and Notebooks (2014)" certification is not required for service qualification. AIS Certificates and Premier Plus are also exempt, are NOT required.
Service qualification is the credential required for HP Servicers and other authorized service providers. The qualification training is specific to the skills and knowledge necessary for HP authorized service providers.

# IS-TS-1000 Touch Screen Installation Sheet

## Description

The IS-TS-1000 Touch Screen provides some of the features of a home control system, security, lighting control, thermostat controls, and web based interactive content. The touch screen features a 7-inch LCD screen displaying 800 x 480 pixels and 262k color spectrum to guide every high resolution images for optimum viewing.

## Installation

The touch screen can be mounted on a wall or a table top stand.

To mount the touch screen on a wall:

1. Remove the mounting bracket from the back of the touch screen.
2. Use the bracket as a template to locate mounting holes on the wall.

   Make sure the bracket is level and the "TOP" indication on the bracket is oriented correctly.
3. Use appropriate screws or wall anchors to secure the bracket to the wall.
4. Connect the transformer provided with the touch screen to the "DC IN" plug on the back of the Touch Screen.
5. Run the transformer wire through the center of the slots on the back of the touch screen and plug the transformer into a nonswitched outlet.
6. Align the touch screen on the mounting bracket, align the mounting holes in the mounting bracket with the slots on the back of the touch screen.

To mount the touch screen on a tabletop stand:

1. Remove the mounting bracket from the back of the touch screen.
2. Connect the transformer provided with the touch screen to the "DC IN" plug on the back of the touch screen.
3. Run the transformer wire through the center of the slots on the back of the touch screen and plug the transformer into a non switched outlet.
4. Attach the touch screen on the stand, aligning the mounting tabs on the stand mounting bracket with the slots on the back of the touch screen.

Note: Once figure the touch screen with your security system, please refer to the documentation provided by your call to service.

## Basic operation

The Home button is built into the touch screen's frame. You can touch it to go back to the Home screen from anywhere in the touch screen interface.

If your security panel is connected for emergency buttons, the bottom right hand corner of the Home screen Touch the feature to display the water shut off, Fire, Police, and Fire. Touch and hold the appropriate button for two seconds to send an alarm. The Panic and Police buttons provide audible feedback to confirm once before sending the alarm. Fire requires two. The Fire button sends an immediate alarm without any delay.

### System Icon

The system icon appears on the Home screen, and is a miniature version of it appears on most other screens. It is a graphical representation of the overall status of the system. In addition to the icon, text on either side of the icon provides additional details.

The System Icon's color indicates status:

- Green: The security panel is disarmed.
- Red: Red, white check: The security panel is armed, either all sensors or doors and windows only.
- Red: Red, black stripes and a red emotion point: Alarm at Panel. View Immediate Attention.
- Gray: The security panel or gateway is offline.

Smaller symbols appear on the green and red system icons when there is more information to relay:

- Red diamond: Appears when one or more sensors in the security panel.
- Yellow circle: Appears when doors and windows are open. A number appears at the yellow circle to indicate the number of open sensors.
- Red diamond and yellow circle: Both problem with the sensors and an open door or window.
- Wrench: Some errors and has alerts. Version is outdated.

What a great family home this is! Many great features including a newer roof (2009), stainless steel kitchen appliances stamped concrete patio in the back yard great layout and clean as can be.

This is a wonderful family home set in a quaint neighborhood in a well-reviewed school district With a street that has only one entrance/exit point, there is minimal traffic and the neighborhood is very active as a result Many people going for walks, kids playing together, and friendly faces make this a very desirable place to be There is an open floor plan between the kitchen and living room, despite being a tri level home A second lower living room with a direct vent fireplace is great for colder nights and provides a comfy area for kids or to entertain A spacious finished laundry room with lots of storage is very convenient and even the unfinished storage basement area recently had it's walls and floors painted creating a bright space that is more than usable This is a perfect home for a family!

**Model Printable Coupon Acceptance Store Policy**

[Store Name] accepts legitimate printable coupons that consumers receive via retailer and manufacturer websites and email campaigns through interactive advertising and promotions on web publisher sites and from legitimate online coupon sites. We recognize that our customers are increasingly turning to the Internet to find coupons. In an effort to make using printable coupons a positive experience, we have created these store policies and consumer guidelines to help consumers and store personnel alike prevent the abuse of these promotions.

**Printable Coupons**

- Always scan properly at the register. Legitimate printable coupons are delivered using special software designed to print a properly rendered barcode on the coupon. **[Store Name] will only accept printable coupons if they scan properly at checkout.**
- Will not be for "free" product. It is an industry practice not to produce printable coupons for free product. Buy-one-get-one free coupons and other values that have a purchase requirement are acceptable. "Free product" coupons should always be pre-printed and sent via postal mail or published in media and printed double-sided and/or on security paper. **[Store Name] will not accept "FREE product" printable coupons.**
- Will not be for a high value relative to the cost of the item. For example, a $2 off coupon will be acceptable for a product that normally sells for $5 or more, but a $2 off printable coupon for a product that sells for $2.25 is unlikely to be legitimate. **[Store Name] will not accept coupons for more than 75% of a product's value.**
- Usually have short expiration dates. Some coupons may have longer expiration dates, but most expire 30-45 days after you print them. **[Store Name] receives information about valid printable coupon expiration dates and may reject coupons that have altered expiration dates.**
- Never appear on screen. All legitimate printable coupons are sent directly to the printer after clicking on a link in your web browser or email. A legitimate coupon is never sent as a graphic or PDF or sent in a Word document.
- Are never copied, sold or traded. Nearly all coupons are "non-transferable" meaning they should not be photocopied or scanned and distributed to others. Coupons are never sold and you should not pay for someone's "time to clip" or other service fee. You should always print the coupon yourself directly from the website or email that is offering it. Only then can you ensure you are printing a legitimate coupon. **Coupons may be rejected if they appear out of proportion or blurry or are obvious duplicates.**
- Are nearly always printed using the same technology and therefore have a standard format with very specific security features including a unique serial code. **Coupons may be rejected if they appear to have been altered in any way.**
- Can be checked for validity at **http://www.ven-fi.com**

# HUMOR

When a man attempted to siphon gasoline from a motorhome parked on a Seattle street, he got much more than he had bargained for. Police arrived at the scene to find an ill man curled up next to a motorhome, near spilled sewage.

A police spokesperson said that the man admitted to trying to steal gasoline and plugged his hose into the motorhome's sewage tank by mistake.

The owner of the vehicle declined to press charges, saying that it was the best laugh he'd ever had.

Having lost weight over the past few years, a lady was discarding things from her wardrobe that no longer fit.

Her seven-year-old niece was watching as she held up a huge pair of slacks.

"Wow," the lady said, "I must have worn these when I was 183."

Her niece looked puzzled, then asked, "How old are you now?"

A girl says to a salesman, "I'm not sure if I should buy a sweatshirt or a windbreaker."

He says, "Well, that depends. Are you gonna sweat, or are you gonna break wind?"

***WARNING! ENTERING THE PUN ZONE!***

What do you call two people in an ambulance? A pair of medics.

~What time is it when it is time to go to the dentist? Tooth hurty.

A judge was annoyed to find that his car wouldn't start. He called a taxi, and soon one arrived at his house.

Climbing in, he told the driver to take him to the halls of justice. "Where are they," asked the driver.

"You mean to say that you don't know where the courthouse is?" asked the incredulous judge.

"The courthouse? Of course I know where that is," replied the driver. "But I thought you said you wanted to go to the halls of justice."

***TODAY IN TRIVIA: How is Bangladesh like Wisconsin?*** The nation of Bangladesh covers approximately the same land area as the state of Wisconsin. Yet it ranks eighth in population among all the world's countries.

**~ What was the sorcerer's name in Fantasia?** In the scrolling final credits of Disney's Fantasia, the sorcerer's name is listed as "Yesnuf" (right, it's Disney spelled backwards).

Test 3

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.
[For thine is the kingdom,
the power, and the glory,
for ever and ever ]
Amen

**Quantity Not Sufficient (QNS) Test Performed**

[Space intentionally left blank]

**Test Description and Clinical Evidence**

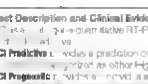
BCI is a 1 gene expression RT-PCR assay that provides the [illegible] gene expression signatures (BCI Prognostic and BCI Predictive).

**BCI Predictive** provides a prediction of likelihood of benefit from extended (5 years) endocrine therapy [EET].[3] Pivotal results for the BCI Predictive algorithm as either High or Low likelihood of Benefit from EET derived were validated in the NCIC CTG MA.17 trial.[4]

**BCI Prognostic** provides a prognostic assessment of risk of distant recurrence in the first (0-10 years post diagnosis) and [illegible] risk category was provided based on a published cut-point.[2]

**Independent validation data of BCI Prognostic in TransATAC[2]**

Risk of recurrence for lymph node negative patients from years 0-10 by BCI risk groups in TransATAC[2]



"In node-negative, BCI intermediate risk had a statistically similar risk of late 5-10 year recurrence as the BCI High risk group. * True risk categories are reported as Low or High risk only

Risk of recurrence for lymph node-negative patients from years 0-10 by BCI risk groups in TransATAC[2]

**Intended Use and Limitations**

The Breast Cancer Index (BCI) is a 2-gene RT-PCR assay that is intended for use in patients diagnosed with estrogen receptor-positive (ER+), lymph node-negative (LN-) or lymph node-positive (LN+) breast cancer who are disease-free after five years of endocrine therapy (LN-patients) or 5 years of endocrine therapy plus adjuvant chemotherapy (LN+ patients). BCI provides prognostic information for assessing likelihood of distant recurrence (0-5 years) and extended endocrine therapy (5-10 years) benefit. The BCI results are adjunctive to the ordering physician's overall treatment decision, and are intended to aid in their decision making.

This assay is a laboratory developed test that has been validated by Bio-Theranostics, Inc. It has not been cleared or approved by the U.S. Food and Drug Administration. The test is performed using procedures that are validated by Bio-Theranostics, Inc. Laboratory Improvement Amendments of 1988 to perform high-complexity clinical laboratory testing.

more pest-resistant more abundant varieties of commercial crops. Today's genetic modification carries on the same process, but at the molecular level, largely performed through a process known as recombinant DNA. The process is more precise and effective in developing new varieties than traditional breeding techniques and it is important to remember that this new technology is simply the newest means of creating new and highly beneficial plant varieties

Moreover the foods developed through these techniques have repeatedly, over the last 20 years that this technology has been employed, proven to be safe for the food supply agriculture and the environment There have been more than 1,700 studies that confirm the safety of GM foods and the environmental benefits, which include reduced pesticide use, are well documented With the Food and Agriculture Organization of the United Nations (FAO) calling for food production to increase 60 percent by the middle of the century - while arable land has shrunk 15 percent since 1982 there is an essential role for genetically modified foods to help nourish the planet Quite simply world hunger cannot be effectively addressed without the aid of this critically important technology, which also has many environmental benefits (reduced pesticide use and increased use of 'no till' farming, etc.)

## Stop, Shop, and Support a Good Cause!

This unique fundraiser highlights local women-owned businesses while supporting the CURE Network, a network that provides free medical to the underserved. You can help make a difference by coming out and shopping.

**WOMEN SUPPORTING WOMEN IN BUSINESS** offers opportunities for local women-owned businesses and entrepreneurs to highlight their goods and services. Gift cooking tips. Check out clothing designs. Find more ways to look great. These women have what you're looking for!

**CURE NETWORK** offers medical care to the underserved. Since 2010 CURE Network has provided over $2.5 million of free medical, dental, and vision care to over 4,900 patients.

## Let's raise funds for CURE NETWORK!

Attention: Mrs. M Van Dyke

My name is Dan Polar Sandro a private financial advisor actuall[y] [c]ommon information from your country's public archive while searching for a last name bel[ow] [t]o my late client's name Thomas M Van Dyke a business mogul who lived in Spain for ove[r] One years he died along with his family during the Great Wenchuan earthquake China while h[e] On May 12, 2008 while on their exploration and short holidays visit to China. However the circ[um]stances and urgency of this claim have prompted me to send you this unsolicited correspondence which I [am] colleague.

Before the catastrophe. He deposited a safe deposit box cont[ain]ing sum of SEVEN (SIX) MILLION (FIVE) HUNDRED THOUSAND US DOLLARS[ ] Security Company here in Spain. Because of security and personal reasons he did not disclose th[e] content of safe deposit box to the security company. Being a financial consultant to the late Thomas M Van Dyke the security company has maintained close present a member of his family (Number one) to make claims or the funds will be confiscated and taken to the Bureau of Diplomatic Security as [ ]. After abortive efforts searching for a direct family member and name to be award, I was g[ ] ultimatum to look for some relatives to claim the sum or have the Vault liquidated and made [ ]ssable in accordance with customs and security laws.

Against my principle/scruple, I do suggest you stand as the [ ] I have [ ] be anyway related to my late client by having a common surname with him and the module [ ] in place for guarantee that if this fund by any instrument (The rule of laws) the vault will be [ ]ed to this business as I have Mind you this transaction is 100% risk free there is no scam or vi[ ] Vault is released to you, we worked out a modalities to complete the operation effectively. On[ ] (£40 000.00 each) shall divide the amount in the ratio of 50% for you 50% for me as

Kindly reduce your response to this letter via my official email address below you can also call or send me a fax for further clarification. Please be kind to get back [ ] if you are not willing to collaborate with me so that I can further my search for another partn[er] this proposal in utmost confidentiality pending our discussion.

Thanks for your time and expecting your response.

# USATF Masters Rankings

Hi everyone! I could use help to convert meet results for importing into the rankings. Anyone willing to convert meet results results.txt this link: Please click here to start converting rankings.

Welcome to USATF Masters Rankings

Welcome to the site Track and Field Masters Rankings because. This site is devoted to ranking Track and Field performances of US athletes over 30 years old. Athletes must be citizens of the United States of America to qualify.

When you click on a season from the select season menu above, you will be able to access the meet, athlete and age group links from the menus you select. Most of the text and icons are links as them meet Athletes names, results and age groups will take you to listings for each of these.

Use the appropriate link below to submit your results:

CLICK HERE TO SUBMIT 2013 OUTDOOR RESULTS

Club, local college, USATF, Senior Games and all other meets are available to masters. You can find some of these meets and entry criterion by contacting meet clubs, colleges and meet hosts. National Senior Games results can be found by researching through registrants. You can search the calendar on USATF.org. Meet information can be found through certified .org hosting all-comer meets

Two other really helpful websites are: USA Masters and National Masters Track.

If you have any comments/problems, please click here.

## Frequently Asked Questions

1. How do I submit my results?
Click the SUBMIT RESULTS link and follow the instructions. Fill in the relevant boxes and click "submit" when you are done. Do NOT submit more than one thread. These rankings are for track and field events only! (Complete meet results in HyTek file format are always welcome!)

If you want to submit submitter an entire meet, submit one of the following

(a) run the spreadsheet available under the Submit Results link
(b) email the website webmaster John Sun (see the Contact Us link) if the submit are available online

2. What events qualify for the rankings?
Any result by a US citizen from any meet that is run in accordance with USATF rules. Contact from road races, in-correctly sized or level tracks and elapsed timing areas are not allowed in the rankings.

3. If the submitters published in National Masters News, do I still need to submit them?
Yes, just in case. Many results entered in National Masters News will be entered in the rankings. Some individual Relief Carnet, Senior Olympics and meet results will not be entered. If you meet your results included in the rankings, you submit athletic them individually. Why? Because we need to know your meet age on the date of the competition in order to put you in the correct age group

4. If I ran a meet, included on the meet list, does that mean you have ALL the results for that meet?
Not necessarily! Sometimes we have complete submitter the meet, but Sometimes

**Important Tax Information**

Under federal health reform law, individuals must have health insurance called minimum essential coverage. They must report this to the Internal Revenue Service (IRS) when they file their taxes. If they don't have coverage or it's not reported, they may have to pay a fee to the IRS. To show the IRS that you had coverage with UnitedHealthcare, we are sending Form 1095-B.

**What is minimum essential coverage?**

Minimum essential coverage may include health insurance through a government-sponsored program, eligible employer-sponsored plan, individual market plan or other coverage designated by the Department of Health and Human Services. Your UnitedHealthcare plan is minimum essential coverage.

**What is Form 1095-B?**

This is the IRS form you will use when you prepare your tax return to show you had minimum essential coverage. The form shows the information about your health insurance:

- Type of coverage you have
- Period of coverage
- Who was covered (including dependents)

**Why did you get more than one Form 1095-B?**

You may have been covered under more than one policy during the year. You will get a separate Form 1095-B for each policy.

**How will the IRS know who has health insurance?**

Under IRS rules, health insurance issuers, such as UnitedHealthcare, must report who had coverage to the IRS. The IRS matches the information we send with the information taxpayers put on their tax return to determine who had minimum essential coverage.

**Will dependents over age 18 covered under your plan get a separate copy of this form?**

Dependents over age 18 covered under your plan will not get a separate copy of Form 1095-B. You should give a copy to individuals covered under your plan if they need it for their records.

**What if you had minimum essential coverage with another company?**

You should receive a form 1095 from any other company that provided you minimum essential coverage.

**What if you didn't have minimum essential coverage for the entire year?**

If you didn't have minimum essential coverage for the entire year, you may have to pay a fee when you file your tax return. If you had a gap in coverage for less than three months, you may not have to pay a fee. If the gap was longer than three months and you couldn't afford coverage, you may qualify for an exemption. For more information on exemptions, visit HealthCare.gov.

**Can you get this form electronically?**

We encourage you to choose to get this form electronically. For more information about electronic delivery, please visit myuhc.com.

**Will this form be sent again next year?**

You will get a form 1095 every year. Use when preparing your tax return from any company that provided you minimum essential coverage.

**Questions?**

If you have any questions, please call us toll free at the phone number on your health plan ID card. TTY users can dial 711.

Sincerely,
UnitedHealthcare

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine and I'd like to test it just to make sure it works How can I do that?*

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

**To test the send functionality of your fax machine,** send a one-page fax to 1-888-877 1655 (a toll-free number in the United States ) When it s finished transmitting, point your web browser to Fax Toy — it s a fun web site that displays whatever is faxed to that number Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Here are some Chinese characters for you to learn and use on your lantern! Try practicing on a piece of scrap paper before painting your lantern to perfect your technique!

To paint these characters correctly and make them look great here is a quick calligraphy lesson:

•When you press down lightly with your brush you will make a skinny line. When you press down harder you will make a fat line. Don't press too hard or you may tear the paper!

•When you have a lot of paint on your brush you will make a bold stroke. With a little bit of paint you will make a fine stroke.

Keep the pressure and flow of your brush stroke in mind while you are painting and have fun!

## WHAT YOUR CREDIT SCORE IS MADE OF

Because some parts of your bill paying history are more important than others, different pieces of your credit history are given different weights in calculating your credit score. Even though the specific equation for coming up with your credit score is proprietary information owned by the Credit Agencies, we do know what information is used to calculate your credit score

### PAYMENT HISTORY 35%

Lenders are most concerned about whether or not you pay your bills. The best indicator of this is how you've paid your bills in the past. Late payments, collections, and bankruptcies all affect the payment history of your score. More recent delinquencies hurt your credit score more than those in the past.

### DEBT LEVEL 30%

The amount of debt you have in comparison to your credit limits is known as credit utilization. The higher your credit utilization – the closer you are to your limits – the lower your credit score will be. Keep your credit card balances at about 30% of your credit limit or less.

### LENGTH OF CREDIT HISTORY 15%

Having a longer credit history is favorable because it gives more information about your spending habits. It's good to leave open the accounts that you've had for a long time.

### NEW CREDIT APPLICATIONS (INQUIRIES) 10%

Each time you make an application for credit, an inquiry is added to your credit report. Too many applications for credit can mean that you are taking on a lot of debt or that you are in some kind of financial trouble. While inquiries can remain on your credit report for two years, your credit score calculation only considers those made within a year.

### MIX OF CREDIT 10%

Having different kinds of accounts is favorable because it shows that you have experience managing a mix of credit. This isn't a significant factor in your credit score unless you don't have much other information on which to base your score. Open new accounts as you need them not to simply have what seems like a better mix of credit.

Will this FAX Correctly

The fax modem has detected high-frequency noise on the telephone line. This noise might be caused by a DSL/ADSL connection and might affect the printer's ability to send and receive faxes.

**Please check the items below then rerun this test.**

If you have a DSL/ADSL service through your telephone company, connect a DSL/ADSL filter between the telephone wall jack and the printer. The DSL filter removes the digital signal that can interfere with the printer so the printer can communicate correctly with the phone line. For setup information, see the documentation provided with the filter.

NOTE: If you have a DSL/ADSL line and you do not connect the DSL/ADSL filter, you cannot send and receive faxes with the printer.

If you encounter problems, contact your local service provider or vendor for further assistance.

If you do not have a DSL/ADSL service, check the sound quality of the phone line by plugging a phone into the telephone wall jack and listening for static or other noise. For more information, contact your telephone company.

Note: Your printer might still be able to send and receive faxes, but at a slower speed.

If you do not have a DSL/ADSL service, check the sound quality of the phone line by plugging a phone into the telephone wall jack and listening for static or other noise. For more information, contact your telephone company.

If you are using a private branch exchange (PBX), you might be able to send and receive faxes successfully. If so, disregard the Fax Line Noise Test results on this page.

## WITHOUT REMORSE

is the epic bestseller Tom Clancy fans have been waiting for. Its hero is a man very familiar to Clancy's readers. His code name is Mr. Clark. And his work for the CIA is brilliant, cold-blooded and efficient ... But who is he really? In a harrowing tour de force, Tom Clancy shows how an ordinary man named John Kelly crossed the lines of justice and morality – to become the CIA legend, Mr. Clark.

It is an unforgettable journey into the heart of darkness. Without mercy. Without guilt. Without remorse.

2.2 Administration of Government

9 Department of Business Assistance

§ 2.2-903.1 Virginia Jobs Investment Program; composition; general qualifications.

# § 2.2-903.1 Virginia Jobs Investment Program; composition; general qualifications.

A. There is hereby created the Virginia Jobs Investment Program (the Program) to support private sector job creation by encouraging the expansion of existing Virginia businesses and the start-up of new business operations in Virginia. The Program shall support existing businesses and economic development prospects by offering funding to offset recruiting and training and retraining costs incurred by companies that are either creating new jobs or implementing technological upgrades and by providing assistance with workforce-related challenges and organizational development workshops.

B. The Program shall consist of the following component programs:

1. The Virginia New Jobs Program;

2. The Workforce Retraining Program;

3. The Small Business New Jobs and Retraining Programs; and

4. The Small Business Jobs Grant Fund Program.

C. To be eligible for assistance under any of the component programs of the Program, a company must:

1. Create or sustain employment for the Commonwealth in a basic sector industry or function which would include businesses or functions that directly or indirectly derive more than 50 percent of their revenues from out of state sources, as determined by the Department;

2. Pay a minimum entry-level wage rate per hour of at least 1.35 times the federal minimum wage. In areas that have an unemployment rate of one and one-half times the statewide average unemployment rate, the wage rate minimum may be waived by the Department. Only full-time positions that qualify for benefits shall be eligible for assistance; and

3. Meet such additional criteria as may be set forth by the Department.

# Windows® Fax and Scan

*One place to scan and fax your documents*

**FAX** You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

**SCAN** After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

**Late Charge:** See late charges set forth in paragraph 4 of the Equipment Installment Plan agreement.

**Dishonored Check or Payment:** If your check, electronic funds transfer, payment, or banking debit or Automated Clearing House payment, or any other payment is dishonored or returned, we may charge you $35, or the maximum amount allowed under applicable law.

**Agreement to Purchase and Initial Payment:** Except as provided below, you agree to purchase and we agree to sell you the items described above on the terms set forth in this contract. Subject to our delivery to you of the items identified above and purchased by you, and subject to your right to rescind this contract as provided below, you agree to make payments according to the payment schedule above. If you accept this contract after the date it is made available to you, you first monthly payment may be due one month later than the date shown above. The Trade-In-Lease Disclosure shown above are part of this contract. Items payable under this contract will appear on the monthly billing statements for your T-Mobile plan. Payments will first be applied to any past due balances and then in order to new deposits, payments due under this contract, any prorated, equipment and extended warranty purchases, current service charges for your plan and then to any late charges for your service plan. Any overage cancellation any deposit will be applied first to the unpaid balance of this contract and thereafter up to the above. Partial payments may result in the suspension or cancellation of your plan services and in equipment not operating on our network. You may prepay this contract, in whole or in part, at any time without penalty. This is a one-time extension of credit for us to you.

You have the right to rescind this contract and return the items described above within 14 days (or more based upon where you made the purchase) of the date of this contract, provided each item is returned to us in the same with all such, but contains, undamaged and in good working condition, with no cosmetic alterations to the item, scratches or software. If you exercise this right and comply with these terms you will have no payment obligations under this contract. Your Device may not work with other wireless services or on other wireless networks.

**T-Mobile Terms and Conditions (the "T&Cs").** You have been provided with a copy of the T&Cs. The T&Cs also apply to this transaction, but if any of the T&Cs are inconsistent with any term stated in this contract, this contract will prevail. Provisions of the T&Cs that are prohibited by law will not apply. Manufacturer warranty information, if any, is provided with the items sold.

**Organizational Corporate Government Customers:** If you are signing this contract on behalf of an organization, corporate or government entity, you represent and warrant that you are authorized to sign this contract on behalf of such corporation or entity. In addition, the terms and conditions of your existing service agreement with us will apply to this transaction, but if any of those terms and conditions are inconsistent with any thing stated in this contract, this contract will prevail. Otherwise your service agreement with us will continue to be valid and enforceable under its terms.

**JUMP!.** This contract is for informational purposes only and applies only if you have separately contracted to purchase the JUMP! You are not required to purchase JUMP! as a condition to receiving credit. You may parcel any products similar to those offered in JUMP! from anyone you want. If you purchase JUMP!, you will pay $40 to for the initial term of one month, and the same amount for each month thereafter, as long as your lease or contract the benefits provided in JUMP!. You may cancel JUMP! at any time, as provided in your JUMP! materials. JUMP! includes the following benefits:

**Property Insurance.** You are not required to purchase property insurance protecting against the loss or theft of the items purchased under this contract as a condition to receiving credit. Property loan amount coverage is not a factor in the approval of credit. You may obtain property insurance from a person you want.

**Extended Warranty Contract.** An extended warranty is not required as a condition to receiving credit. Purchase of an extended warranty is not a factor in the approval of credit. You may obtain a similar product from anyone you want.

**Mobile Security.** Mobile security is not required as a condition to receiving credit. Purchase of mobile security is not a factor in the approval of credit. You may obtain a similar product from anyone you want.

**JUMP! Upgrade.** JUMP! upgrade is not required as a condition to receive credit. Purchase of anytime upgrade is not a factor in the approval of credit. You may obtain a similar product from anyone you want.

Please see your JUMP! contract for details of these benefits.

In the first six months of fiscal 2016 the federal government collected $40 233,320 000 (in constant 2017 dollars) in excise taxes In the first six months of this fiscal year it has collected only $37 488 000 000—a decline of $2 745 320 000

The federal government run its $526 855 000 000 deficit through the first six months of this fiscal year because while the Treasury was collecting $1,473 137 000 000 in total taxes It was spending $1 999 991 000 000

Because there were 153,000 000 people employed in the United States in March according to the Bureau of Labor Statistics the $1 473 137 000 000 in taxes the federal government has collected so far this fiscal year equals about $9 628 for every person with a job

The $526 855 000 000 deficit equals about $3 443 for every person with job

**IMPORTANT INFORMATION ABOUT THE LIFELINE PROGRAM:** Assurance Wireless is a Lifeline-supported service. Lifeline is a federal benefit, and only a single subscriber may enjoy it. Consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred or subject from the program. The Lifeline-supported service may be one per household. A household is one of many individuals who live together at the same address and share income and expenses. A household is not permitted to receive Lifeline benefits from multiple providers. Violation of the one-per-household rule constitutes a violation of federal rules and will result in de-enrollment from the Lifeline program and potential prosecution by the United States government. Lifeline is a non-transferable benefit. Service cannot be transferred to any individual, including friends or family members. Consumers

## 4 SIGNATURE

**By signing below, I certify under penalty of perjury that the information contained within this Application is true and correct to the best of my knowledge.**

- I participate in a qualifying federal Program or meet the income qualifications to establish eligibility for Lifeline. If proof of eligibility is required, I have provided the required documentation as listed in Section 2.
- If I have provided a temporary address: I must notify Assurance Wireless within 30 days of any change of address. Assurance Wireless will attempt to verify every 90 days that I continue to reside at that address. If I do not respond to these address verification attempts within 30 days I will be de-enrolled.
- I will inform Assurance Wireless within 30 days of the following, and may be subject to penalties if I fail to do so:
  - I move to a new address.
  - I no longer participate in a qualifying Program or my annual household income exceeds 135% of the Federal Poverty Guidelines.
  - I become aware that my household is receiving more than one Lifeline benefit.
  - For any other reason, I no longer meet the criteria for Federal Lifeline support.
- I authorize Assurance Wireless or its agent to access any sources (including financial records) required to verify my statements herein and to confirm my eligibility for Assurance Wireless service, to phone state or federal agency representatives to discuss with, and/or provide information to, Assurance Wireless verifying my participation in public assistance Programs that qualify me for Assurance Wireless service.
- I authorize Assurance Wireless to provide access to or release my records required for the administration of Assurance Wireless service.
- I understand that the completion of this application does not constitute immediate approval for Assurance Wireless service.
- I acknowledge that providing false or fraudulent information to receive Lifeline benefits is punishable by law.

**You MUST place a check mark ☑ next to all 3 statements, then sign and date below.**

☐ 1. I certify that my household will receive only one Lifeline Assistance benefit (wireless or wireline). To the best of my knowledge, my household (if I have already received such a benefit, or if I currently receive a Lifeline discount from a different phone service provider, I consent to the transfer of my Lifeline benefits to Assurance Wireless and understand that even the transfer is complete, I will lose my Lifeline program benefit with my current phone service provider. AND

☐ 2. I understand that I may be required to re-certify continued eligibility for Lifeline at any time. Failure to do so will result in the termination of my Lifeline benefits. AND

☐ 3. I consent to have my personal identification information shared with the Universal Service Administrative Company (USAC) (the Lifeline Program administrator) and/or its agents for the purpose of confirming that neither I nor my household receives more than one Lifeline benefit.

**YOUR APPLICATION CANNOT BE APPROVED WITHOUT 3 CHECK MARKS AND YOUR SIGNATURE.**

# Windows® Fax and Scan

*One place to scan and fax your documents*

**FAX:** You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

**SCAN:** After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

## APPLICATION

**Surface Preparation** ... *Existing (Old) Concrete* Concrete surface must be clean and dry with all stains, oil grease, dust and dirt removed prior to application We recommend ULTRITE DEGREASER® from W. R. MEADOWS for cleaning

*New Concrete* CS-309-25 should be applied when surface water has completely disappeared and the concrete surface will not be altered by walking workmen

**Application Method** ... Use a sprayer or short-nap roller to apply a uniform film Avoid puddling in low areas If puddles occur brush or roll them out A standard industrial-grade sprayer equipped with a neoprene hose and gaskets, as well as a 5941 spray nozzle (or equivalent) is recommended for best results.

For optimum performance, apply first coat at 600 ft.²/gal. After the first coat has thoroughly dried, apply a second coat at 600 ft.²/gal. NOTE The second coat should be applied at a right angle

**Drying Time** ... CS-309-25 dries quickly Drying times may be extended depending upon initial mixing rate, temperature, humidity and project conditions Restrict foot traffic for at least three hours Twelve hours is preferable.

**Cleanup** ... Application equipment should be cleaned promptly after use with xylene or toluene.

**For most recent data sheet, further LEED information, and MSDS, visit www.wrmeadows.com.**

## PRECAUTIONS

DO NOT DILUTE FOR EXTERIOR APPLICATION ONLY Surfaces treated with CS-309-25 may become slippery under certain conditions.

CS-309-25 should not be applied during high temperature conditions or direct sunlight These conditions cause rapid evaporation, which does not allow the film to form properly Under these conditions, the film may peel, bubble, and or turn white (bluish). CS-309-25 should not be applied to concrete exposed to excessive moisture. Entrapped moisture or solvent-based sealer may cause the film to peel and/or turn white (bluish)

Do not apply CS-309-25 if the temperature of the concrete is below 40° F (4° C) CS-309-25 may be used on refired concrete, but mottling may occur Do not use on dense or non-porous surfaces .e. brick stone etc

Concrete containing calcium chloride will remain dark longer when treated with CS-309-25 Concrete floors properly cured with CS-309-25 meet section 8 5 "Adhesion of Test Cements" of ASTM C 1315 For other specifications, secure the approval of the parties to resilient flooring manufacturer before applying CS-309-25 The specifier and user shall determine the suitability of product for specific applications and assume all responsibility in connection therewith.

CS-309-25 is a membrane-forming sealer All membrane-forming sealers may darken concrete or magnify imperfections caused by variations in the pozzolanic and/or finishing of the concrete

## HEALTH HAZARDS

Prolonged inhalation of vapors in excess of permissible exposure limits may result in symptoms of transient central nervous system depression Direct contact with the product may result in irritation of the skin and eyes. Product vapors may also cause irritation. **CS-309-25 is combustible** Remove ignition sources prior to use Empty containers may hold combustible vapors. Handle empty containers as combustible liquids. In the event of a spill, contain the product apply absorbents and place in sealed containers. In the event of a fire, contain all run-off water Refer to Material Safety Data Sheet for complete health and safety information

accounting managers assess policies and the flow of money from within a business. financial controllers act as the lead accounting executive, and certified public accountants help control money flow for groups and organizations.

Of the three, I'd choose to be an internal accounting manager. Job responsibilities include assessing policies, procedures, and controlling the structure of the financial department, while duties are to plan and conduct financial and operational reviews. The average salary is $85,900 and 4-6 years of experience are required.

**Prayer to St. Joseph over 1900 years old**

**O St Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place n you all my interests and desires O St Joseph do assist me by your powerful Intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ. Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers O St Joseph I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen**

***Say for nine consecutive mornings for anything you may desire. It has seldom been known***

***to fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500 s it was sent by the Pope to Emperor Charles when he was going into battle**

**Whoever reads this prayer or bears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.**

**Make this prayer known everywhere**

## The Vegetable Soup Diet

- The original soup recipe makes 18 cups of basic vegetable soup.
- Begin by coating a large stock pot or soup kettle with nonstick cooking spray
- Add 1 cup sliced carrots
- 4 peeled and chopped onions
- 5 sliced stalks of celery
- 1 pound of sliced mushrooms
- 3 chopped bell peppers
- 2 tablespoons of minced garlic
- Cook over medium heat, stirring frequently for about 10 minutes
- Then add 28 ounces of undrained canned diced tomatoes
- 1 pound of shredded green cabbage
- 1 pound of fresh green beans
- 64 ounces of chicken broth
- 8 quarts of water
- Season to taste with salt and pepper, then bring the soup to a boil. Reduce the heat and cover the soup. Allow it to simmer for 10 minutes
- Then add 12 ounces of baby spinach leaves
- 1 pound of sliced zucchini
- Cover and simmer 10 minutes more. Customize the vegetables in the recipe, leaving out anything you don't care for and adding those you prefer, ex: red potatoes, beans, corn, avocado or peas

# I'm having trouble sending or receiving faxes  What should I do?

If you cannot send or receive faxes  try these solutions:

- Make sure the recipient's fax machine is turned on and working.
- Make sure paper is loaded correctly in your product.
- Make sure you have set up your **Header Information** and have not blocked your caller ID. Otherwise  your faxes might be rejected by the recipient's fax machine
- Make sure Auto Answer mode is turned on to receive faxes automatically. Check your product control panel to see if this mode is turned on.
- Make sure Receive Mode is set to **Auto** so you can receive faxes automatically
- Check that the cable connecting your telephone wall jack to your product's **LINE** port is secure.
- Print a fax connection report using your product control panel or fax software to help diagnose the problem
- Verify that the telephone wall jack works by connecting a phone to it and testing it.
- If there is no dial tone and you connected the product to a PBX (Private Branch Exchange) phone line or Terminal Adapter  change the **Line Type** setting to **PBX**. If you still cannot send a fax, turn off the product's dial tone detection setting. (Turning off the dial tone setting may cause the product to drop the first digit of a fax number.)
- If you connected your product to a DSL phone line  you must connect a DSL filter to the phone jack to enable faxing over the line. Contact your DSL provider for the necessary filter
- If your telephone line has static, turn off your product's error correction mode fax communication setting and try faxing again
- Try lowering your product's fax speed setting.
- Make sure the error correction mode (ECM) setting is turned on if you are trying to send or receive a color fax.
- If your telephone line uses call waiting and you have trouble receiving faxes, turn off call waiting to prevent disruption of incoming faxes.
- If you have subscribed to a call forwarding service  the product may not be able to receive faxes. Contact your service provider for assistance

**Note:** If your product is connected to a VoIP (Voice over Internet Protocol) phone line  keep in mind that fax machines are designed to work over analog phone lines. Epson cannot guarantee that fax transmission will work when using VoIP

If your phone line includes voicemail answering services, calls or faxes may be inadvertently received by your voicemail service.

The Bible Teaching Ministry of David Hocking

"WHERE THE SPIRIT OF THE LORD IS, THERE IS LIBERTY" - II Corinthians 3:17

Volume XV Number 3 March 2010

# UNLEAVENED BREAD

The celebrations of Passover and Unleavened Bread are coming soon. The Biblical background for these events is found in Exodus 12 & 13. We provide these notes for our readers and study and use in their own ministries and fellowship groups. May the Lord use them to bless and encourage our hearts.

## THE DEMAND TO EAT ONLY UNLEAVENED BREAD

**1. The COMMAND** we have:
Exodus 12:15 - "Seven days shall ye eat unleavened bread"
Exodus 23:15 - "Thou shalt keep the feast of unleavened bread: (as I commanded thee"

**2. The CONSEQUENCE** for not doing it is also very clear:
Exodus 12:15b - "for whosoever eateth leavened bread from the first day until the seventh day that soul shall be cut off from Israel" cf. v. 19b - adds "whether he be a stranger, or born in the land"

**3. The COMMITMENT** to do this law forever:
Exodus 12:17 - "therefore shall ye observe this day in your generations by an ordinance for ever"

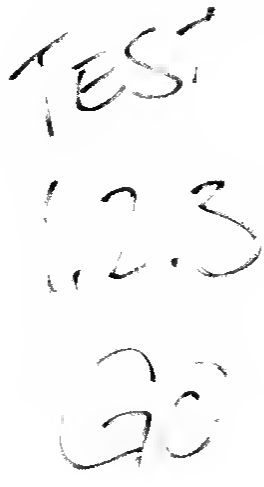
**4. The CLEARING OUT** of leaven from your home is also commanded:
Exodus 12:19 - "Seven days shall there be no leaven found in your houses"
Exodus 12:20 - "in all your habitations shall ye eat unleavened bread"
Ex. Exo 13:7 - "there shall no leavened bread be seen with thee, neither shall there be leaven seen with thee, in all thy quarters"

**5. The COMMENTARY** on why it should be done - Dee ceremony 16:3 "that thou mayest remember the day when thou camest forth out of the land of Egypt all the days of thy life"

**6. The CHARACTERISTIC** of the people when eating unleavened bread - II Chronicles 30:21 - "and the children of Israel kept the feast of unleavened bread seven days with great gladness"
Ezra 6:22 - "and kept the feast of unleavened bread seven days with joy: for the LORD had made them joyful"

## THE DANGER OF LEAVEN

"For by one spirit are we all baptized into one body" 1 Corinthians 12:13



TEST
1.2.3
GO

and
..., 2014
...rom December 16,

If you are a recipient or au... ...this is included in this recall.

**What is the problem?**
On certain subject vehicles, the powertrain control module (PCM) may wrongly detect a misfire when accelerating with high engine rpm (more than 5,500 rpm) and with wide-open throttle in cold weather conditions below 32 °F (0 °C), due to improper control logic of the PCM. Under such condition, a malfunction indicator light may flash and the PCM may fall into failsafe mode, which can restrict the throttle opening and cause a lack of power.

**What will Mazda do?**
Your Mazda dealer will reprogram the PCM with the latest software to modify the PCM control logic. The repair will be performed free of charge, and will take approximately half an hour to complete; however, it may take longer depending on the service workload at your Mazda dealership.

As a reminder, Mazda may provide alternate transportation when your vehicle is at an authorized Mazda dealership for a warranty repair. To be eligible for alternate transportation, your vehicle must be within the mileage and time limitations under the Mazda New Vehicle Limited Warranty or Powertrain Limited Warranty for 2007 and newer model years, and adhere to the Rental Car Reimbursement policy. Ask your dealer for details about the Mazda Rental Car Reimbursement Program.

**What should you do?**
Please make an appointment with any authorized Mazda dealer to have the PCM reprogrammed as soon as possible. You do not need to bring this notice to the dealer, but it may assist in the check-in process.

Dude
I Sent
my first
fax.

This solves the problem of developing .Net application that uses the office interops (PIAs) on a development computer having Office 2007 installed where the application works on a client computer with either Office 2003 or Office 2007

The solution is:

1. Make sure the Office 2007 PIAs are not installed on the development computer. Do this by going to the Office 2007 setup program and selecting the .Net Programmability support to Not Available for each Office component.

2. Copy Office 2003 Interops to a directory on the development computer with Office 2007 say D:\Dev\Net\Redist. Note: running the Office Interop redistributables installer on program o2003PIA.msi downloaded from

http://www.microsoft.com/downloads/thankyou.aspx?familyId=3c8a883e-ac14-4125-9ba9-c9c967e0fde4&displayLang=en

requires that Office 2003 be installed, so it won't work because Office 2007 is installed. So go to a development machine with Office 2003 installed. From a .Net project add a reference to the desired Office 2003 interop, e.g. Microsoft.Office.Interop.Excel version 11 (use the Com tab and select on Microsoft Excel 11 Object Library). In the properties for th s reference set Copy Local to true. This places Microsoft.Office.Interop.Excel in the bin\debug directory. Copy this file to D:\Dev\Net\Redist on the development machine with Office 2007.

3. In the Office 2007 development computer, add a reference to the interop by selecting the Browse tab and navigating to D:\FMR\Dev\Net\Redist.

4. Select Copy Local to True in the reference properties to put a copy of the Interop in the bin\debug directory.

5. Include the Interop with the application assembly in the application setup program. Make sure the application assembly and interop are in the same directory on the client computer.

This approach does not require a config file with a redirect. I've tested it and it works.

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have uses for this facility in your organisation.

Yours sincerely,

Phil.

Painting & Wallcovering LLC

To whom it may concern

We spoke briefly on the phone the other day and I have enclosed a business card with my home office number on it and also my cell phone number. I would greatly appreciate the opportunity to bid on any painting or wallcovering work that you have coming up.

Simply put, we feel we can offer a better product at a less expensive cost than most all of our competitors and we ask that you give us the opportunity to prove this to you. Thank you for your consideration and we look forward to hearing from you.

Sincerely
Heather Nichells

Dear Mr Lewis,

At the request of your local representative in Jacksonville, I am returning these hinges so that you may observe the rust that has already begun
This pair of hinges was placed under the cover of my rear porch in the same area of my doors The door hinges have significantly more rust on them after 4 months.
These hinges I am returning were placed outside on 8-25-09
They began to show rust within 2 weeks.
They were outside for a total of 24 days
I am enclosing a copy of my original purchase order from S Gartner

Thank you,
Larry Stripling

## How Can I Test My Fax Machine?

*I just bought up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?*

Ada by Anonymous

Test My Fax Machine
Send 1 one-page faxes by email to: temp. to
Return fax: 1 within.
www.yourfaxmachine.com

Presumably you want to test your fax machine by sending it the faxes it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-5 0-345-0000 (a number in Northern California.) When it's finished transmitting, point your web browser to this URL — it's a fax web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a larger version.

To test the receive functionality of your fax machine, point your web browser to this URL — this test lets you send faxes for free to destinations in the United States and Canada. Within a few minutes your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

### One Response to "How Can I Test My Fax Machine?"

1 Nice one a fax machine said on twelve days, Fake Machine Says:
May 23rd, 2006 at 9:11 am

[ ] I have a fax machine on the same phone line that I use for voice calls. I just tried to send myself a test fax using FaxZero.com. My phone rang, fine I thought it was a human that sent them herself for the second time being up. The phone rang again. Now, this time I made it ring about 6 or 7 times. I know that I shouldn't pick it up if its a fax, but I do not know how many rings it should take to receiving the fax. How does one determine if its a personal call? I do not know call warning. How do I know when the fax is completed and verify it? [ ]

# KEVIN BRADY: OUR CONSERVATIVE CONGRESSMAN

## SECURING THE BORDER

Kevin is defending the Constitution. He is standing strong against President Obama's illegal amnesty...with a proven record in securing our border and championing legal worker verification. Kevin is a strong conservative voice against illegal immigration.

## CUTTING DEBT, CREATING JOBS

A pro-small business conservative, Kevin has spent a lifetime creating jobs and championing free enterprise. As a key member of the House Ways & Means Committee, Kevin is leading the fight to balance the budget, fix the broken tax code, run in the IRS, and reform the welfare system.

## FIGHTING TERRORISM AND SUPPORTING OUR TROOPS

Kevin is a leading voice against President Obama's dangerous nuclear Iran deal. He knows radical Islamic terrorism is the greatest threat to our security. After 9/11, he successfully established a national network of security centers to prevent future attacks. He is fighting relentlessly to fully fund America's military might, intelligence capability, and our veterans.

Unlike many congressmen, Kevin never ran out to Washington. He continues to work each week from Texas. Kevin and his wife, Cathy, are raising their two boys here.

This is a demo of Word Form → PDF Form Conversion

eDocPrinter PDF Pro Word-addin supports converting Word Form to PDF Form since Ver 6.03 Build 2980. Users have to enable Word Form to PDF Form conversion in settings of Addin. Users can also set other options like border color, text color, and field background color in the setting dialog. Since 6.20 Build 4268, the addin will automatically detect the font size, maximum characters, and color when converting the fields. Hence each field can have its own font size, color, and background color.

In addition to the text field, dropdown list, and check box supported by Word, eDocPrinter PDF Pro addin also supports multi-line text fields, submit, and reset button with its proprietary naming scheme. This makes the PDF form easily integrate with the web interactions.

Please enter your name: Please enter your name in the text field

This This is a TEXT FIELD DEMO

☑ Check this box if you think it's good!! ☑

This is a dropdown menu for selection: ITEM1

Text field 2: Check box 2 ☐

**How to create a Multi-line text box field**

Just name the text field box with "ML_" prefix and enable converting multi-line text filed. Since 6.19 Build 4997, the prefix is changed to "ML_num_", when num means the num of lines. Default value is 4 is no such "_num_" assigned. Here is a demo:

**How to create Submit and Reset button?**

Users have to insert a text field with its name equal to "SubmitForm". The value of this field will be the text shown on submit button after converting to PDF. The default text of this field will be the action URL for submitting. It's similar for creating "ResetForm" button. Users can choose the submit data format and method in the setting dialog of Word-addin of eDocPrinter PDF Pro. Example of SubmitForm and ResetForm buttons:

WellCare

WellCare is a Medicare Advantage organization with a Medicare contract and a contract with the Florida Medicaid program. The benefit information provided is a brief summary, not a complete description of benefits. For more information contact the plan. Limitations, exceptions and restrictions may apply. Benefits, formulary, pharmacy network, premium and/or co-payment/coinsurance may change on January 1 of each year. Some plans are available to those who have medical assistance from both the state and Medicare. Premiums, copayments, coinsurance and deductibles may vary based on the level of Extra Help you receive. Please contact the plan for further details. WellCare uses a formulary. A determination will be required with limitations and applications. For accommodation of persons with special needs at plan meetings, call 1-877-695-3552 (TTY 711). There is an obligation to enroll. A variety of Medicare Advantage, Part D and Special Needs plans may be displayed.

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?*

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

**To test the send functionality of your fax machine,** send a one-page fax to 1-855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Other than to pass electrons from one point to another in an attempt to verify the operational status of an electronic device, it serves no real purpose, conveys no meaningful information, represents no parties, suggests no agendas, intimates no conditions, passes no judgments, includes no warranties, reaches no agreements, cuts no deals, posts no bills, paints no portraits, does no windows and seals no fates.

Upon receipt (which in and of itself should prove beyond the pale the efficacy of the above referenced purpose - that being a test of the receiving capabilities of the receiving device), if such transmission results in the generation or production of printed material, the recipient may feel free to spindle, fold, staple, mutilate or otherwise crumble, lacerate, disintegrate, masticate, macerate, eviscerate or in any manner whatsoever denigrate the morphological properties of that resultant document, including but not limited to any number of degrees of alteration to the physical and defining properties of said document, up to and including complete destruction and/or annihilation.

If this transmission is received merely in electronic form and without accompanying printed version(s), the wise recipient could do no worse than simply to delete it.

If this transmission is not received, however, the above instructions and suggestions may be freely ignored or otherwise disregarded. Of course, having not received them, by virtue of not receiving this transmission from which said instructions originate, that task will be exceedingly easy to perform.

**Prayer to St Joseph over 1900 years old**

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord: so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St. Joseph Patron of departing souls, pray for us. Amen**

***Say for nine consecutive mornings for anything you may desire. It has seldom been known***

***to fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.**

All propane tanks have a "tare weight" or "TW" stamped on the collar of the tank. For a grill sized tank you simply calculate the tare weight + 20 lbs and that's how much the tank should weigh when it's full. Most 20 lb tanks have a tare weight of +/- 17 pounds when completely empty. **This means a "full" propane tank should weigh about 37 pounds.**

There is also a month and year on the collar indicating the date the tank was made. For 20 lb propane tanks, you have 12 years from the manufacture date before the tank must be re-certified with a new date stamped on it. The re-certification only adds 5 years before having to re-certify again. The cost and inconvenience of re-certifying almost always outweighs the price of a new tank.

Brand new propane tanks come with air inside and it needs to be "purged" before the first fill. Purging requires a special adapter to allow a small amount of propane in. The pressure then pushes air out of a one-way bleader valve. Purging may add another $3-4 dollars to a new tank, though some places don't charge, especially if you buy the tank from them.

**THE MATH ON REFILLS AT COSTCO**

Internet searches suggest the following:

- 1 gallon of propane weighs 4.2 pounds
- A "full" 20 lb cylinder should have 4.7 gallons or propane in it

I called around and the local U-Haul place wanted $16 for a refill. I remember Costco has a sign for $9.99 refills. I thought I was getting a great deal, but it turns out I pretty much got no deal.

# UN inspectors visit Iran as nuclear tensions rise

**Inspectors from the International Atomic Energy Agency (IAEA) have begun a three-day visit to Iran, to try to determine the purpose of the country's nuclear programme.**

The visit comes at a time of escalating tension between Tehran and the West over Iran's nuclear activities.

The director general of the IAEA, Yukiya Amano, says Iran believes engage and answer the agency's questions.

Iran denies that it is trying to develop a nuclear weapon.

The head of the IAEA team said they hoped to "resolve all the outstanding issues with Iran" over its nuclear programme.

"In particular, we hope that Iran will engage with us on our concerns regarding the possible military dimensions of Iran's nuclear programme," IAEA Deputy Director General Herman Nackaerts said before leaving for Iran from Vienna's airport.

Iran's ambassador to the IAEA, Ali Asghar Soltanieh, said the inspection was about "telling enemy plots and will prove the peaceful nature of Iran's nuclear work.

The dispute over Iran's nuclear activities has intensified since an IAEA report in November suggested serious concerns about the possible military dimensions of the programme.

The agency said it had information suggesting Iran had carried out tests "relevant to the development of a nuclear explosive device"

**Sanctions**
Since then the European Union and the United States have introduced a series of sanctions against Iran including measures targeting the country's lucrative oil industry.

The EU sanctions prohibit the import, purchase and transport of Iranian crude oil and petroleum products as well as petro- finance and insurance

All existing contracts will have to be dispute out by 1 July

That timing was intended to give some EU countries time to switch to alternative sources of oil, but Iranian lawmakers are now considering stopping exports to Europe within days, a move likely to drive up fuel prices.

Iran has also threatened to close the Strait of Hormuz at the entrance to the Gulf through which more than 20% of the world's traded oil passes.

The United States has said it will use force if necessary to keep the shipping lane open, raising the prospect of a confrontation with Iran

# GAS SUPPLY

Check with local codes for any specific requirements.

Determine the size and type of gas supply line required.

**Recommended Gas Pipe Diameter**

| Pipe length | Schedule 40 Pipe Inside Diameter | | Tubing Type L Outside Diameter | |
|---|---|---|---|---|
| | Nat. | L.P. | Nat. | L.P. |
| 0-10 feet (0-3 meters) | 1/2" 12.7mm | 3/4" 9.5mm | 1/2" 12.7mm | 3/4" 9.5mm |
| 10-40 feet (3-12 meters) | 1/2" 12.7mm | 3/4" 17.1mm | 5/8" 15.9mm | 1/2" 12.7mm |
| 40-150 feet (12-30 meters) | 1/2" 12.7mm | 1/2" 17.1mm | 3/4" 19.0mm | 1/2" 12.7mm |
| 100-150 feet (31-46 meters) | 3/4" 19mm | 1/2" 12.7mm | 7/8" 22.2mm | 3/4" 19mm |

**NOTICE:** Never use plastic pipe. Check to see if not either your local codes allow copper tubing or galvanized.

**NOTE:** Some areas require flexible connectors in addition to rigid pipe. It is always best to consult your local and safety and installation needs.

### Installing a New Main Line Cock

Each appliance should have a valve manual gas cock.

A line cock in gas cock should be located in the vicinity of the unit. When more than one appliance is used, or location is not adequate, consult your local authority and a plumber for installation or relocation.

Compound used on threaded joints of gas piping should be resistant to the action of liquefied petroleum gases. The gas lines must be checked for leaks by the installer. This should be done with a soap solution available for purchase or an approved commercial liquid if manufactured or preparation test should be made.

Pressure Testing of the Gas Supply System

1. To check if a shut-off valve is closed, a 1/8" (3mm) N.P.T. plugged tapping, a pipe nipple, a test gauge connection must be made immediately upstream of the gas supply connection to the appliance.
2. The appliance and its individual shutoff valve must be disconnected from the gas supply piping system during any pressure test of that system at test pressures in excess of 1/2 psig (3.5 kPa).
3. The appliance must be isolated from the gas supply piping system by closing its individual manual shut-off valve during any pressure testing of the gas supply piping system at test pressures equal to or less than 1/2 psig (3.5 kPa).

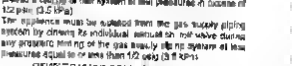

Fig. 7

**⚠ WARNING**

Never use an exposed flame to check for leaks. Appliance must be disconnected from piping system when subjected to pressure greater than 1/2 psig (3.5 kPa). Never pressurize the gas supply when connected to appliance. Failure to follow these instructions could result in fire or explosion.

**⚠ WARNING**

None of the above procedures results in pressures in excess of 1/2 psig (14" wc) (3.5 kPa) on the appliance gas valve. You must make the test under this condition.

Checking Manifold Pressure

It is important that your natural gas will have a manifold pressure of approximately 3.5" w.c. (8.7 kPa) for natural gas and 10" w.c. (24.9 kPa) for propane gas. Check to see if your gas supply is adequate for the appliance.

Also, would be nice to debug any problems in a foreground process that one can fire up and see what's going on at the other end. As well as fax back as one can test the same.

You can try from the server command line like this:

Setup Your HP Fax Manager with the HP Fax Test Server

http://[illegible].com/ then refresh page to see your new fax.

Does anyone else have any ideas on how to solve the PDF embedding issue?

# MARK YOUR CALENDARS!!

**Turtle Dove HCW is excited to announce our collaboration with Julie Bennett, CTT from Advanced Thermal Imaging of WM**

## APRIL 27

**Julie will be offering Medical Infrared Imaging (thermography) at our Center**

### What is Thermal Infrared Imaging?

Infrared imaging, known as thermography, is specific evaluation of skin temperature patterns, which may reflect normal or abnormal functions of the body. Extremely sensitive infrared cameras and sophisticated computers detect and produce high-resolution images of changes in the surface of the body. Thermography is completely safe, painless and extremely effective, not requiring radiation or contact with any body tissues. It has proved helpful in the adjunctive assessment of breast cancer, diabetes, headaches, neck and back problems, arthritis, soft tissue injury, and other physical problems.

Breast thermography Offers

- It detects the earliest signs that a breast cancer may be forming
- Individualized breast cancer risk assessment
- A possible role in breast cancer prevention
- Imaging for younger women

# How to test a fax machine – 02

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?*

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

**To test the send functionality of your fax machine,** send a one page fax to 1-855-329 1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

## Prover to St. Joseph over 1900 years old

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen**

***Say for nine consecutive mornings for anything you may desire. It has***

***seldom been known to fail.***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle**

**Make this prayer known everywhere.**

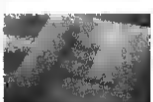
# A full Moon spell for love

*When the Moon is full is is at the height of its power This is an excellent time to perform love spells concerning fulfillment and abundance*

## You will need:

- 1 red apple (preferably organic)
- Pink and/or red paper
- Red pen
- Knife
- Large bags of pink pepper
- Red ribbon

*Red and pink are the colors of love Use these in your spell to give extra the boost needed*



**1** A... on the paper the other ... you'd ... looking for in your ... love match

**2** ... your ... the Moon ... Moon ... on the ... with your ...

**3** ... to carve ... into the apple an image of two ... hearts touching

**4** ... pepper ... and use it to wrap the ... apple ... with your writing on the inside

**5** ... the ... down ... times as you speak your ... aloud

**6** Take the package to a natural place such as a park or the ... down by the Moon ... letter as you ... You will soon ... love me ...

## The ingredients of love

Remember the truth is more than what you've been told. Be careful to choose the right spell ingredients for the best of outcomes. Not everyone is looking for love.

M&T Bank

December 26 2012

Raise the green flag for your Overdraft Protection Plan.

Eric M. Press
Jacob M. Press
3 Oriole Pl.
Rye Brook, NY 10573 1211

Dear Valued Customer:

As a valued M&T checking customer, you may be interested in adding overdraft protection to your checking account.

Bouncing a check or overdrawing your account can be an unpleasant and costly experience that can happen to anyone. At M&T we can help you avoid this uncomfortable situation with three great overdraft protection options:

**Credit Card Link**
You can link your M&T Visa Credit Card to your personal M&T checking account for automatic overdraft protection. Available funds from your credit card are automatically transferred to your checking account when you exceed your available balance.[1,3]

**Savings Link**
You can also link an M&T savings account to your personal M&T checking account for overdraft protection. If you don't have available funds in your checking account to cover an item, we'll automatically transfer available funds from your M&T savings account to your checking account to cover the overdraft amount.[2,3]

**M&T Overdraft Line of Credit**
There is no cost to open an Overdraft Line of Credit and no annual fee to maintain it. If you don't have available funds in your checking account to cover an item, we'll automatically transfer available funds from your M&T Overdraft Line of Credit account to your checking account to cover the overdraft amount. Other terms apply.[3,4]

Stop by an M&T branch, call 1 800-724-3222 or visit mtb.com/overdraft to learn about your options.

Once again, thank you for choosing M&T. We look forward to serving your financial needs today and in the years to come.

Sincerely,

Sam Guerrieri
Manager Retail Branch Network

**Prayer to St. Joseph over 1900 years old**

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers O St. Joseph I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us Amen**

***Say for nine consecutive mornings for anything you may desire It has seldom been known***

From this, and later agreements, the area becomes known as the Trucial Coast. Raids continued intermittently until 1835, when the sheikhs agreed not to engage in hostilities at sea. In 1853, they signed a treaty with the British, under which the sheikhs (the "Trucial Sheikhdoms") agreed to a "perpetual maritime truce." It was enforced by the United Kingdom, and disputes among sheikhs were referred to the British for settlement.[22]

Flag of the Trucial Coast

Primarily in reaction to the ambitions of other European countries, the United Kingdom and the Trucial Sheikhdoms established closer bonds in an 1892 treaty, similar to treaties entered into by Britain with other principalities in the Persian Gulf. The sheikhs agreed not to dispose of any territory except to Britain and not to enter into relationships with any foreign government other than the United Kingdom without its consent. In return, the British promised to protect the Trucial Coast from all aggression by sea and to help in case of land attack.[23] British suppression of piracy meant that pearling fleets could operate in relative security. However the British prohibition of the slave trade meant an important source of income was lost to some sheikhs and merchants.[24]

## Pearling industry

During the 19th and early 20th centuries, the pearling industry thrived in the relatively calm sea, providing both income and employment to the people of the Persian Gulf. It began to become a good economic resource for the local people. Then the First World War had a severe impact on the pearl fishery, but it was the economic depression of the late 1920s and early 1930s, coupled with the Japanese invention of the cultured pearl, that all but destroyed it. The industry eventually faded away shortly after the Second World War, when the newly independent Government of India imposed heavy taxation on pearls imported from the Arab states of the Persian Gulf.[25]

The decline of pearling resulted in a very difficult era, with little opportunity to build any infrastructure.

Dubai in the mid-20th century

## Beginning of the oil era

Oil was first discovered in the 1950s. At the beginning of the 1960s, the first oil company teams carried out preliminary surveys and the first cargo of crude was exported from Abu Dhabi in 1962. As oil revenues increased, the ruler of Abu Dhabi, Zayed bin Sultan Al Nahyan, undertook a massive construction program, building schools, housing, hospitals and roads. When Dubai's oil exports commenced in 1969, Rashid bin Saeed Al Maktoum, the *de facto* ruler of Dubai, was also able to use oil revenues to improve the quality of life of his people.[26]

In 1955, the United Kingdom sided with Abu Dhabi in the latter's dispute with Oman over the Buraimi Oasis, another territory to the south.[27] A 1974 agreement between Abu Dhabi and Saudi Arabia would have settled the Abu Dhabi/Saudi border dispute, however the agreement has yet to be ratified by the UAE government and is not recognized by the Saudi government. The border with Oman also remains officially unsettled, but the two governments agreed to delineate the border in May 1999.[28]

## Participant DTMF Menu

Control functions are also available to participants (who are not moderators) and are accessible via a DTMF menu. You can invoke the DTMF menu at any time during the conference by pressing "*". Only you hear the menu, while other participants continue talking in the conference.

The following functions are available to participants through the DTMF menu:

* – Repeat the menu options
0 – Transfer to Operator
1 – Mute myself or unmute myself
2 – Participant count, followed by roll call
8 – Log in as moderator
# – To return to the conference

## NOTES

If you do not want to listen to the menu, you can invoke an option by pressing "*" followed by the digit for the option you want. For example, you can press "*8" to be transferred to the operator. If you enter any other digit, you are returned back to the conference.

### Log in as Moderator

When a participant invokes this option, they are asked for the moderator PIN. If the PIN is correct, they become a moderator and can execute moderator commands.

### Mute/Unmute

A participant can only mute or unmute themselves. If a moderator has muted a participant's line, the participant cannot unmute it.

### Transfer to Operator

This function disconnects you from the conference and transfers you to a phone number defined against the conference bridge. A human operator, an Auto Attendant, or a VoiceXML script can answer the call to help you.

# Getting the best results from your Mirage Ink Jet Media

**Information**

To get the best results from your Mirage media, modify the settings in your printer driver software. If you are using a different printer from the one listed below, please use comparable settings.

**For the following media please follow the diagram's below :**

Premium Photo Glossy Paper - Premium Photo Glossy Film - Silver Reflective Film - Artist Canvas - Photo Glossy Greeting Cards, and Window Decal

**The following Media does not require the Ink Saturation Reduction :**

Artist WaterColor Paper and Poly-Silk Adhesive.
Premium Matte Paper
Transparency Film

**Handling the media :**

Handle the media by the edges only. Avoid fingerprints on the image area of the printable surface before and after printing. To minimize drying time and to optimize image quality, avoid exposing the prints to excess moisture, high temperature and humidity.

**Removing prints :**

We recommend that you remove each print from the output tray and allow prints to dry completely before stacking. Complete drying time will vary depending on the environmental conditions. High humidity retards drying.

**Important! We do not recommend using any of our media in photocopiers, laser printers or any other equipment that uses dry toners.**

IRS

Department of the Treasury—Internal Revenue Service

**e-file** makes doing your taxes faster and easier.

**freefile** is the fast, safe, and free way to prepare and e-file your taxes. See www.irs.gov/freefile.

Use a faster, more convenient, and secure paper. For more information, go to IRS.gov/directfile. Free file software and filing your return is free. Learn more at IRS.gov/freefile.

**NEW FORMS**

You may have to report your capital gains and losses on new Form 8949, Sales and Other Dispositions of Capital Assets. You may have to file new Form 8960.

**MAILING YOUR RETURN**

If you file a paper return, you may be mailing the settlement address this year.

**FUTURE DEVELOPMENTS**

The IRS has created a page on IRS.gov for information about Form 1040 and its instructions. Go to IRS.gov/form1040 for more about any future developments affecting Form 1040 (such as legislation enacted after we release it).

For details on these and other changes, see the items listed under *What's New*.

Husking rice
a child squints up
to view the moon

Bashō

A hazy day—
Even the gods
Must feel listless.

Issa

Alone in old
clothes sipping wine
Beneath the moon

Jack Kerouac

A cold rain starting
And no hat—
So?

Bashō

What a moon—
If only she were here
my bitter wife

Issa

All right, You Sparrows,
The sun has set and you can now
Stop your chattering!

# Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a **PDF file**. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files **always** display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace, The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

### Primitive Pointcuts

**call** ( *void Foo.m(int)* )
a call to the method *void Foo.m(int)*

**call** ( *Foo.new(..)* )
a call to any constructor of *Foo*

**execution** ( * *Foo.*(..) *throws IOException* )
the execution of any method of *Foo* that is declared to throw *IOException*

**execution** ( *public Foo.new(..)* )
the execution of any non-public constructor of *Foo*

**initialization** ( *Foo.new(int)* )
the initialization of any *Foo* object that is started with the constructor *Foo(int)*

**preinitialization** ( *Foo.new(int)* )
the pre-initialization (before the **super** constructor is called) that is started with the constructor *Foo(int)*

**staticInitialization**( *Foo* )
when the type *Foo* is initialized, after loading

**get** ( *int Point.x* )
when a *Point.x* is read

**set** ( *private * Point.* )
when any non-private field of *Point* is assigned

**handler** ( *IOException+* )
when an *IOException* or a subtype is handled with a catch block

**adviceexecution**()
the execution of all advice bodies

**within** ( *com.bigfoot.**.* )
any join point where the associated code is defined in the package *com.bigfoot*

**withincode** ( *void Figure.move()* )
any join point where the associated code is defined in the method *void Figure.move()*

**withincode** ( *com.bigfoot.*.new(..)* )
any join point where the associated code is defined in any constructor in the package *com.bigfoot*

**cflow** ( *call(void Figure.move())* )
any join point in the control flow of each call to *void Figure.move()*. This includes the call itself

**cflowbelow** ( *call(void Figure.move())* )
any join point below the control flow of each call to *void Figure.move()*. This does not include the call

**if** ( *Tracing.isEnabled()* )
any join point where *Tracing.isEnabled()* is true. The boolean expression used can only access static members, variables bound in the same pointcut, and thisJoinPoint forms.

**this** ( *Point* )
any join point where the currently executing object is an instance of *Point*

**target** ( *java.io.InputPort* )
any join point where the target object is an instance of *java.io.InputPort*

**args** ( *java.io.InputPort, int* )
any join point where there are two arguments, the first an instance of *java.io.InputPort*, and the second an *int*

**args** ( *, int* )
any join point where there are two arguments, the second of which is an *int*.

**args** ( *short, ..., short* )
any join point with at least two arguments, the first and last of which are *shorts*

**Note**, any primitive in **this**, **target**, and **args** can be replaced with a variable bound in the advice or pointcut.

# LETROZOLE
## (Advanced/Metastatic Treatment)

OTHER NAMES: Femara®

PURPOSE: Letrozole is a hormonal type medication which may be used for postmenopausal women to treat breast cancer. It works by decreasing the amount of estrogen in the body

ADMINISTRATION: Letrozole is taken by mouth in the form of tablets.
Take once a day at approximately the same time of day
Tablets may be taken with food or on an empty stomach

SIDE EFFECTS: Not all patients will experience all side effects.

| SIDE EFFECT | MANAGEMENT |
|---|---|
| Hot flushes: A sudden feeling of warmth which may be accompanied by sweating<br><br>(common but usually improves as your body adjusts to the medication) | • Dress in layers so you can remove clothing when you get warm.<br>• When possible, lower the room temperature.<br>• Try taking a cool shower or sipping ice water<br>• If feeling as if troublesome, speak to your doctor or nurse<br>• Medications may be helpful in managing continuing or bothersome symptoms. Discuss with your doctor. |
| Muscle, bone or joint pain<br><br>(common, may occur when you first start taking letrozole) | • You may take acetaminophen (Tylenol® and others) or other pain medications such as ASA (aspirin), ibuprofen or others if needed |
| Nausea<br><br>(may occur when you first start taking letrozole- usually mild to moderate) | • This rarely requires treatment and may resolve in a short time<br>• Take letrozole with a meal to lessen stomach upset.<br>• If vomiting occurs and lasts more than 24 hours, contact your doctor or nurse |
| Headaches: (not common) | • You may take acetaminophen (Tylenol® and others) or other pain medications such as ASA (aspirin), ibuprofen or others if needed<br>• Contact your nurse or doctor if headaches persist |
| Swelling/fluid retention —Hands and feet may swell and you may notice a gain in weight<br><br>(not common) | • Elevate your feet when sitting.<br>• Avoid tight clothing<br>• Report swelling or weight gain to your doctor. |

Yet another source of uncertainty is both the data generation and the transmission processes. While moving a trajectory it is sometimes possible to see outliers suddenly locating the vessel [illegible] consecutive number 31435 (0x7a8b). This could be some malfunction of the vessel's system or [illegible] (Another should be taken for granted that corrupt data streams are going to be fed to the system

**DO WE WANT TO KEEP ADDING PATTERNS TO A SYSTEM?**

Within the port context, this behavior should be considered [illegible] (time, etc.) should be changed so that a warning is produced only when there "really" is a danger given the port conditions. But imagine another scenario in which two vessels, away from any ports this time, are indeed on a "collision" course. But they have actually agreed beforehand to meet (e.g., for an inspection). Another case of a false projected collision is a res[illegible]on

## Pattern Refinement

One solution to the problem of making behaviors satisfying a pattern might be simply to refine the patterns in order to capture all the possible cases. However there are two problems with this approach

Qty Description

First, such an ad nauseam pattern refinement might not even be feasible, since we might lack the necessary knowledge, especially at the early stages of system deployment.

04/07/2017 17:46

Second, the question remains whether we want to keep adding patterns to the system for every possible case, given the performance cost they might incur. Early detection of a behavior based on a possibly not confirmed pattern, could be preferable to a near perfect but delayed (and therefore possibly useless) one, especially for critical situations (this is the case of "better safe than sorry")

**Preparation for Holy Communion**

O Lord Jesus Christ King of everlasting glory, behold I desire to come to You this day and to receive Your Most Precious Body and Blood in this heavenly Sacramental for Your honor and glory and the good of my soul. I desire to receive You because it is your desire and You have so willed it: Blessed be your name forever! I desire to come to You like Mary Magdalene, that I may be delivered from all my evils and embrace You my only God. I desire to come to You, that I may be happily united to You, that I may henceforth abide in You and You in me; and that nothing in life or death may ever separate me from You. Amen.

**Prayer after Receiving Holy Communion**

Lord Jesus I love and adore You. You have come to me; I am one with You. I want You to remain with me forever, in this life and in the next. Thank you for allowing me to share Your divine life. May I become more like You through this sacred food. Let me never take You for granted, but always pray for those who are far from You in sin, ignorance and selfishness. Let me remember, in the words of St. Paul, that "there but for the grace of God, go I." Each day, I can become more like You, O lord. And each day I can pray for those

# Using the Screen Burn Protection and Energy Saving Functions

## Preventing screen burn

(MENU/123) > MENU > System > Auto Protection Time (Try Now)

You can use the Screen Burn Protection function to protect the screen. Still images can leave burned-in after-images if left on the screen for a long period of time. Select a time setting from the list. If a still image is shown on the screen for longer than the time that you selected, the TV automatically activates the Screen Burn Protection function.

## Reducing the energy consumption of the TV

(MENU/123) > MENU > System > Eco Solution (Try Now)

You can adjust the brightness level of the TV and prevent overheating to reduce overall power consumption.

- **Energy Saving** (Try Now)

  Allows you to select a brightness setting from the list to reduce the TV's power consumption.

- **Eco Sensor** (Try Now)

  Automatically adjusts the brightness level of the TV according to the ambient light level to reduce power consumption. If the Eco Sensor has adjusted the screen's brightness level, you can select **Min. Backlight** or **Min. Cell Light** (in applicable models) to manually adjust the minimum screen brightness.

- **No Signal Power Off** (Try Now)

  Allows you to select a length of time from the list. If no signal has been received for the length of time you selected, the TV automatically cuts off the power to reduce power consumption.

- **Auto Power Off** (Try Now)

  Automatically turns off the TV to prevent overheating when the TV remains on for the specified period of time without any user input.

- **Motion Lighting**

  Adjusts the brightness in response to on-screen movements to reduce power consumption.

  This feature is only available when the **Picture Mode** is set to **Standard** and is not available in 3D mode.

  This function is deactivated when you adjust a picture quality setting, such as **Contrast** and **Brightness**.

No one human being is capable of achieving flawless mental and physical health as well as a picture-perfect lifestyle, therefore health is scaled according to a variety of factors. Age race background, environment, culture and religion are all related to a person's health status. What is considered healthy versus unhealthy is widely based on personal opinion and judgment instead of understanding and knowledge Alcoholism, for example, is viewed by some cultures as a disease (often hereditary), that requires intense treatment and years of recovery to be rid of. Others would argue that alcoholism is not a disease, but rather an issue brought on by poor choices perpetuated by a weak will

Regardless of the prognosis of a disease or the choices one makes, good health is a realistic goal for those who strive for it. In comparison to the rest of the world, Canadians have an advantage in regards to acquiring and maintaining optimal health. Affordable, accessible healthcare that is based on a high standard and provided by well-educated professionals, is a luxury that is too often taken for granted. Opinions of what health means are widespread, though most would agree that doing what is possible to feel the best we can is crucial If health is any one thing it is the key to a prosperous life. Without health life is shorter, less enjoyable, and has less meaning.

2. What are some of the determinants of health? Which ones do you think are most important, and why?

Some of the determinants of health are as follows quality of health care, social / societal ranking, race, locale, age economic status, education, personal development, lifestyle, health practices, and responsibility, biology, psychology (mental state /

## Troubleshooting Steps

If you are having problems receiving or sending faxes, try the following steps:

- Power off the unit and then power it back on. Wait for the unit to initialize and then attempt to send a test fax.
- Try using a new phone cord that is known to work and that is long enough to reach the unit.
- Check the wall phone jack by plugging a working phone into it.
- Connect the unit directly to the wall phone jack, bypassing any phone wiring.
- Remove any telephone splitters that may be connected between the unit and the wall phone jack.

# America's Understanding of Emancipation Proclamation On Its 150th Anniversary Too Simple For Country's Own Good

Posted: 01/01/2013 4:36 pm EST | Updated: 01/08/2013 4:02 pm EST

Abraham Lincoln, the last president with the stovepipe hat the full beard and the grief-stricken eyes, slipped away from the White House's annual New Year's celebration with a few members of his administration. Lincoln steadied his nerves. Then his hands.

After a few minutes he took a pen, signed the Emancipation Proclamation and ushered in the beginning of the end of him and a half centuries of American chattel slavery, some of its attendant violence and human degradation. Exactly 150 years ago today, the Emancipation Proclamation — a monumental document written on both sides of an ordinary sheet of White House paper — declared slaves living in most of the South forever free.

For many American adults it's also the moment when universal legal freedom became a reality for an estimated 4 million black slaves. But scholars who have studied the document, Lincoln and Civil War history say this limited understanding of how slaves became free citizens led to a national habit of thinking about countless issues like race and equality simply. We finite challenges already wrestled with and resolved.

'Of all the country's foundational and key documents the Emancipation Proclamation may well be the most misunderstood,' said Eric Foner, a Columbia University historian and a leading Reconstruction, race and Lincoln scholars.

'On the one hand there are a healthy share of Americans who believe that Lincoln freed all the slaves with a stroke of his pen,' said Foner, who this year published 'The Fiery Trial: Abraham Lincoln and American Slavery.'

On the other, there is this cynical modern take that says Lincoln wasn't interested in emancipation, that his bold action for purely political reasons, for military reasons and this no-big-deal that many slaves were actually freed. None of that is entirely true.

Lincoln was not the lone force behind emancipation but rather an essential part of a coalition of outspoken borderstate that included free blacks and whites, said Lonnie G. Bunch III, director of the Smithsonian's National Museum of African American History and Culture and one of the curators of the Smithsonian's 150th Emancipation Proclamation anniversary exhibit.

Lincoln also was responding to the unique pressure slaves brought to bear said Bunch.

From the very start of the war in South Carolina, slaves began running away more frequently and willingly living in a state of legal limbo. When slaves with less ties to Virginia given refuge in a Union-controlled fort, became hundreds and later thousands of slaves in areas just north of the Mason Dixon line. In order to evade slave catchers, bounty-hunters, the figures paid to find and return fugitive slaves to their masters, empowered by Scott's law, some set up so-called contraband camps near Union Army encampments or outposts, said Bunch. One such camp grew in what is now Arlington Cemetery just outside Washington, D.C.

Some runaways also began to work for wages. They dug trenches and latrines, managed laundry and stole tasks related to war. Later when the Union Army began accepting black soldiers, some negotiated with commanding officers to bring their families along.

That drive towards self-liberation was first documented about 30 years ago, said Bunch, but most people have no knowledge of how slaves helped bring down the rebellion.

'I don't say this to take anything away from Lincoln' said Bunch, author of the 2010 book Call the Last Dream Rock: Essays on History Race and Museums. 'Ultimately the Emancipation Proclamation the 13th Amendment none of it would have happened without

I do not want to bore you with a long boring explanation on how your footprint, so lets keep it simple

The more we buy new things, eat out, drive, travel, and so on, the more we effect the environment negatively We need to work on lowering our footprint number by wasting less, and thinking environmentally friendly

**3. Quantifiable Data**

The average American ecological footprint is 24 acres of land (Merkel, pg 93) That means on average one American uses in their life time 116 160 square yards or 1 045,440 square feet, that is equal to about 18 football fields. If every person in the world lived like we do we would need 5 planet Earths to sustain all of us. But we only have one, so we need to learn how to better preserve our planet and learn how to lower our Ecological Footprint

# SAN Zoning

In a simple SAN configuration where only 1 or 2 hosts are connected zoning is not terribly important however in more complex SANs where many hosts of different types and OSes along with tape libraries are connected zoning becomes crucial. Essentially the goal of zoning is to isolate the connected hosts from each other for security purposes. For example say you have both unix and windows hosts connected to the SAN along with a fibre channel tape library. You may want your Unix Netbackup or Legato server to control the tape devices but you discover that when the windows box rebooted following a blue screen that it saw the tape drives and automatically loaded drivers for them and configured windows to use them. Next the clueless windows admin notices this and starts doing windows backups on top of your carefog tapes. If you're the SAN administrator you'll probably start reading up on zoning between job interviews.

## SAN Types

There are 3 types of zones

- Port Zones - These are zones where physical ports on the switch are placed into a zone.
- WWN Zones - These are zones where World Wide Numbers are zoned together. A typical example would be the worldwide numbers of an array controller port being zoned with the world wide number of an HBA in a host
- Mixed Zones - These zones contain at least 1 port number and 1 WWN

## Important

For best security the zones should be hardware enforced and not software enforced. This is often referred to as " Hard Zoning" and "Soft Zoning". The distinction is that with software enforced zoning security is based on the assumption that hosts and devices logging into the switch fabric will only rely on the fabric name server for finding devices on the SAN. This is possibly a weak assumption. With hardware enforced zoning a host that is not zoned to see another device on the SAN will be prevented at a hardware level from seeing the device.

For newer Brocade silkworm switches, zones containing only

# Présent en BE + -ING

*Hello, How are you?*

Le présent en BE + -ING était autrefois appelé **présent progressif ou présent continu.**

Ces noms ont été abandonnés car ces termes étaient trompeurs : les apprenants pensaient que ce temps ne pouvait servir que pour des actions en progression, ce qui n'est pas vrai.

Le nom 'présent en BE + -ING' veut dire qu'on va utiliser l'auxiliaire BE, suivi du verbe, auquel on va ajouter (avec une transformation ou non) ING à la fin. C'est pour cela qu'il y a un tiret devant ING.

## Petit rappel :

*Attention tout d'abord à ne pas confondre le présent en BE + -ING avec le présent simple.*

## 2. Personalizing your Wireless Gateway

A. Log In

- Open a web browser. Type http://10.0.0.1 in the address line. The Wireless Gateway Login page appears.
- Enter **admin** and password as shown in Fig. 6.
- Click **Login**. The *Home Network Wizard-Step 1* page appears.

Fig. 6 **Username cannot be changed**

B. Wireless Gateway Name and Password

- Create a name for your Wireless Gateway.
- Enter password as shown in Fig. 7
- Create a new password of your choice re-enter to confirm. (Use this password to change settings in the future.)
- For future reference, write your Wireless Gateway password here:

_____

- Click **Next Step**. The *Home Network Wizard-Step 2* page appears.

Fig. 7

* Your password must be at least 8 characters. It should contain both upper and lower case letters and at least 1 number.

## 3. Setting Up and Securing Your WiFi Network

A. WiFi Network Name

- Change the name of the WiFi Network that appears in Fig. 8 (The new name will appear in the list of available wireless networks.)
- For future reference, write your WiFi Network Name here:

_____

Fig. 8

B. Encryption Method

- Select an encryption method

The **Encryption Method** encrypts the data between your computer and your Wireless Gateway. WPA TKIP is the encryption method that is compatible with most computers. WPA2 PSK (AES) provides better performance and security and should be selected, but only if you are certain that your computer is compatible. Otherwise, select WPA-TKIP.

C. WiFi Network Password

- Create a Network Password. (This will be required by any computer to access your secure wireless network.)
- For future reference, write your WiFi Network Password here:

_____

D. IMPORTANT Final Step: Setting Up Your Secure Network

- Click **Finish**. Since you changed the WiFi settings, your computer will not be connected to the Wireless Gateway.
- View *Available Wireless Networks* and select the WiFi Network Name you created in step 3A.
- Enter the WiFi Network Password (case-sensitive) you created in step 3C.
- You should now be connected to the Internet.
- Test your connection by opening a web browser and typing in a valid URL (www.xfinity.com).

To view or modify your Wireless Gateway settings in the future, go to http://10.0.0.1
Learn more about your Wireless Gateway at http://customer.comcast.com/xfinitewireless

For help with your XFINITY services and features, refer to the appropriate user guide or call 1800 XFINITY.

# Using Fax

Fax provides you with complete fax facilities from your computer. You can configure fax settings, send and receive faxes, track and monitor fax activity, and access archived faxes. Using Fax, you can choose to send and receive faxes with a local fax device attached to your computer, or with a remote fax device connected to fax resources located on a network.

Fax is not installed by default during Windows Setup.

**To install the Fax component**

1. Open Add or Remove Programs in Control Panel.
2. Click **Add/Remove Windows Components**.
3. In the Windows Components Wizard, select the **Fax Services** check box, and then follow the instructions on your screen.

Notes

- To open Fax after installation, click **Start**, point to **All Programs**, point to **Accessories**, point to **Communications**, and then click **Fax Console**.
- For more information on using Fax, click **Help** in Fax Console.

**COPIE DU CRÉANCIER HYPOTHÉCAIRE**

CLAUSE RELATIVE AUX GARANTIES HYPOTHÉCAIRES

**Numéro de police : 42815871-001**

## CLAUSE RELATIVE AUX GARANTIES HYPOTHÉCAIRES – FORMULAIRE B3

| | | |
|---|---|---|
| **Violation du contrat** | Art. 1 | Ne sont pas opposables aux créanciers hypothécaires les actes, négligences ou omissions d'une propriétaire, locataire ou occupante ses biens assurés, notamment ce qui est contraire aux conditions du présent contrat, ou visant à influencer ses droits en vertu de celui-ci, dans la mesure où ces dispositions ont cause préjudice. |
| | | Les créanciers hypothécaires sont tenus d'aviser l'assureur (si ce n'est déjà fait par un autre propriétaire) de tout changement qui accroît considérablement le risque de sinistre ou augmente la valeur de plus de cinq (5) pour cent de la valeur assurée, de toute augmentation du risque, à chaque prime, sur demande raisonnable, ces exigences doivent être satisfaites aux exigences réglementaires prévues dans la police pour le présent contrat, et cela jusqu'à ce que le créancier hypothécaire ait reçu un avis écrit de l'assureur. |
| **Subrogation** | Art. 2 | Jusqu'à concurrence des intérêts reconnus par le présent contrat hypothécaire, l'assureur est subrogé dans les droits de ses clients contre les débiteurs ou propriétaires assurés à qui il a versé l'argent pour indemniser un sinistre ou, lorsque cette hypothèque n'en dépasse pas les limites, de tout autre créancier hypothécaire ayant des droits sur ces biens. L'assureur ne pourra en aucun cas exercer de droits de subrogation contre un créancier hypothécaire, auquel cas le présent article ne s'applique pas à ces créanciers hypothécaires. |
| **Nullité de garanties** | Art. 3 | Si des garanties ou sûretés, y compris des cautionnements, sont annulées par des créanciers hypothécaires, sans préjudice de ses droits, l'assureur a le droit d'exercer ses droits contre la propriété assurée, dans la mesure où ces garanties ou sûretés auraient été valables. |
| **Préavis de cessation d'intérêt ou d'intérêt** | Art. 4 | En cas d'intérêt ou d'intérêt de l'assuré ou de celui qui a le pouvoir de représenter ou représenter de la même manière et dans les mêmes conditions que les créanciers hypothécaires, ces derniers ont le droit de recevoir un préavis écrit de quarante-cinq (45) jours avant la date d'entrée en vigueur de la cessation d'intérêt ou d'intérêt. |
| **Cessation ou modification** | Art. 5 | Les effets de la présente clause commencent au même temps que le contrat, sous réserve des droits de l'assureur prévus par les polices aux termes de celles-ci et de droits que certaines juridictions accordent aux parties de mettre fin à une police ou de la modifier. Lorsque de telles lois ou réglementations prévoient des délais plus longs, ces délais prévalent. |
| **Saisie ou transfert de biens** | Art. 6 | Si les créanciers hypothécaires ou leurs agents font exécuter par saisie ou saisie-arrêt, ou font valoir des droits de propriété des biens assurés, ils ont droit, dès lors, à la date de la prise de possession, de la saisie ou de la saisie-arrêt, à l'assurance de ces biens. |

Aux conditions ci-dessus, lesquelles doivent être remplies avant que les créanciers hypothécaires aient droit à la police du contrat d'assurance, il est convenu que, les créanciers hypothécaires ont droit à la police du contrat d'assurance.

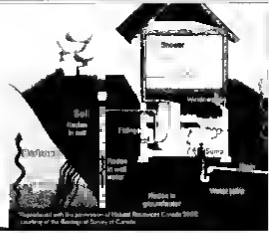
RUN FOR YOUR LIFE?

# RADON – WHAT YOU NEED TO KNOW

## WHAT IS RADON?



*Reproduced with the permission of Natural Resources Canada 2010, courtesy of the Geological Survey of Canada

## WHAT ARE THE HEALTH RISKS?

- Radon exposure is the number two cause of lung cancer after smoking. Lung cancer is the only known health risk from radon.
- People who smoke AND are exposed to radon have an even higher risk of lung cancer.
- The health risk from radon is long-term not immediate. The longer you are exposed to high levels of radon, the greater your risk.

## HOW DO I TEST MY HOME FOR RADON?

- Testing for radon is easy and inexpensive.
- Buy a radon test kit online, by telephone or from a retailer. Health Canada recommends you buy a long-term test kit – one that measures radon levels for a minimum of three months.
- Put the radon detector in the lowest lived-in level of your home and leave it there for at least three months. Afterwards, mail it to the manufacturer and they will send you the test results.

## MY HOME TESTED ABOVE THE 200 Bq/m³ LIMIT. WHAT NOW?

- If the radon level in your home is above the guideline of 200 Bq/m³, you need to fix it. The higher the radon level in your home, the sooner it needs to be fixed.
- There are many ways to reduce your home's radon level. The most common method is active soil depressurization (ASD), typically performed by a contractor.
- We expect that only a small percentage of Canadian homes will have radon levels above the guideline.

# Blumenkohl-Käse Suppe nach Odinette

**leckere, fettreduzierte Suppe**

Den Blumenkohl waschen und in kleine Röschen teilen, in kochendes Salzwasser geben und in 10-15 Minuten gar werden lassen.
In der Zwischenzeit das Hackfleisch mit der fein gewürfelten Zwiebel anbraten. Dann die Fleischbrühe zum Hackfleisch geben, den Schmelzkäse und die saure Sahne in der Suppe zergehen lassen und den Blumenkohl dazu geben; aufkochen lassen, mit Salz, Pfeffer und Muskat abschmecken und noch 10 Minuten ziehen lassen. Nach Geschmack und Saison zum Schluss frische Kräuter dazu geben (dann nicht mehr kochen, sonst werden sie grau).

countries to take in refugees.

Though Syrians can now spend long periods massed on the border awaiting entry, in October the Turkish official assured me that regardless of the number of Syrians who arrive, they will be welcome. "We're not going to kick them out," he said. "It's a global responsibility. Even if the war ends tomorrow, they'll stay two or three more years because there's no infrastructure at home. We're prepared for them to stay for a long time."

Kirisci, who co-wrote a report on the camps late last year, agrees that it's unlikely the Turks will eject the Syrians or start treating them less hospitably. The Istanbul governor was trying to move urban refugees into camps. But even in the winter cold, they didn't want to go. After they were forced into one, they kept returning to their spots on the streets. "The refugees are recognizing that they are there to stay and don't want to risk living open-ended in camp," Kirisci says. "They'd rather risk living in the wild."

Mac McClelland is the author of "For Us Surrender Is Out of the Question: A Story From Burma's Never-Ending War." She is working on a book about PTSD.

# Buckwheat Zydeco

From Wikipedia, the free encyclopedia

**Buckwheat Zydeco** is the stage name of **Stanley Dural, Jr.** (born November 14, 1947) an American accordionist and zydeco musician. He is one of the few zydeco artists to achieve mainstream success. His music group is formally billed as **Buckwheat Zydeco and Ils Son Partis Band**, but often they perform as merely *Buckwheat Zydeco*.

The *New York Times* says "Stanley 'Buckwheat' Dural leads one of the best bands in America. A down-home and high-powered celebration...meaty and muscular with a fine-tuned sense of dynamics... propulsive rhythms... incendiary performances."[1] *USA Today* calls him "a zydeco trailblazer."[2]

Buckwheat Zydeco has performed with a large number of famous musicians from Eric Clapton (with whom Buckwheat also recorded) and U2 to The Boston Pops. The band performed at the closing ceremonies of the 1996 Summer Olympics to a worldwide audience of three billion people. Buckwheat performed for President Clinton twice, celebrating both of his inaugurations. The band has appeared on the *Late Show with David Letterman*, *CNN: The Today Show*, *MTV*, *NBC News*, *CBS Morning News*, National Public Radio's *Weekend Edition*

COMMENT:

Liam:
You're insecure
Don't know what for
You're turning heads when you walk through the door
Don't need make up
To cover up
Being the way that you are is enough

Harry:
Everyone else in the room can see it
Everyone else but you-ou-ou

Chorus
Baby you light up my world like nobody else
The way you toss your hair gets me overwhelmed
But when you smile at the ground it ain't hard to tell
You don't know (oh oh)
You don't know you're beautiful
If only you saw what I can see
You'll understand why I want you so desperately
Right now I'm looking at you and I can't believe
You don't know (oh oh)
You don't know you're beautiful
(Oh oh)
That's what makes you beautiful

Zayn:
So c-come on
You got it wrong
To prove I'm right I put it in a-a-e-ong
I don't why
You're being shy
And turn away when I look into your eye eye eyes

Harry:
Everyone else in the room can see it
Everyone else but you

Baby you light up my world like nobody else
The way that you flip your hair gets me overwhelmed
But when you smile at the ground it ain't hard to tell
You don't know (oh oh)
You don't know you're beautiful
If only you saw what I can see
You'll understand why I want you so desperately

Nexidia (www.nexidia.com) has upgraded its audio review software, **AudioFinder 3** a desktop-based program, includes enhanced Search by Example that helps users locate individual words or phrases within an audio file, says Nexidia president and CEO John Willcutts.

Reviewers can annotate and share the results of their investigations. Users also can save, export, and play audio outside of the software.

Language ID automatically detects what language are being spoken, and flags each file accordingly he says.

# SHALLOW WATER SWIMBAIT TACTICS

What's better than catching those summer trout in shallow water? Ones summer is in full swing, I always find myself chasing trout that are ambushing prey from grass beds in shallow water. One problem I struggle with is finding the right bait for when that topwater bite turns off.

Even though I am comfortable throwing topwater all day, knowing I will only get a few blow-ups from big trout, it's nice to have something I will only get a few blow-ups from big trout, it's nice to find something they will hit a little more consistently after that oh-so-rewarding morning topwater bite.

There's nothing like working your tail off in that wonderful 100-degree summer weather. Yeah right, and the trout feel the same way. This time of year your best shot at getting some bigger trout on topwater is an hour before and after sunrise/sunset. During that magical hour nature rings the dinner bell, and if you are in the right spot, chances are you experience the bite that anywhere fishing has to offer. Unfortunately like most good things in life, it's usually over as soon as it starts. The trout will become less aggressive, and that topwater lure isn't as appealing to them as it was five seconds ago. It's frustrating. I know but there are options.

Every angler has their confidence lures they just know are going to catch fish no matter what. I grew up fishing MirrOlures, and they hold a special place in my heart. A chartreuse back chrome body 95mr He Dog pretty much stays on a Temple Fork Outfitters rod year round for me, but that He Dog runs in the most work during the summer. After the topwater bite turns off like a light switch, I usually switch to a 7M MirrOlure, or Catch 5. They are suspending MirrOlures perfect for shallow-water grass beds. But it's always nice to add something to the arsenal.

Even though I've found some great lures for when the topwater bite slows down, I'm always experimenting, trying to better myself as an angler and becoming more versatile. Lucky for me, I got a hold of the 4.5-inch Slow Sink Vudu Mullet by Jigner Baits. The capabilities of this bait are pretty much endless, but it's absolutely perfect for targeting bigger trout in shallow water. What's got me so worked up about this bait is the fact it gives you the option to present a large swimbait just above the grass beds in that 2- to 4-foot depth range. Since the lure sinks at an incredibly slow rate, you have the ability to give a dead slow presentation for those stubborn middle-of-the-day trout. A steady slow retrieve with just a few pauses every now and then has worked best for me. Those twitches will kill that Vudu like it owes them money, and the colors that have produced the most for me are Bamboo, Striped Mullet, and Gold Croaker. If you are in the market for a good summer lure, the 4.5" Vudu Mullet is a must have!

Dear Staff:

Here are copies of information obtained from familysearch.org confirming address as noted: 1500 Stardust Rd. #J3163 Las Vegas Nevada 89109. At that time, I lived at the Budget Suites on Stardust Rd., and worked across the street at the Frontier Hotel & Casino in the Keno Department.

Recently I drove through the area and I see the Budget Suites and Frontier Hotel & Casino are no longer there. They Tore Down Paradise to Build a Parking Lot. I guess I will send a copy of this by regular mail as well.

Thank you for your assistance with this matter.

# Implementation delivery methodology

Pegasystems recommends that you use an Agile delivery model, more specifically a Scrum-based standard for a Pega application implementation. In the rare cases where a more waterfall -based implementation methodology is better suited, Pegasystems recommends that you use an Iterative Waterfall delivery process. These two implementation methodologies help break down the work into a manageable scope of work that can be delivered into production faster. The Pegasystems delivery approach has two or many stages.

- Initiate
- Delivery

## Initiate stage

In the Initiate stage, the implementation teams build out the foundation or baseline of the application and prepare for the work that is necessary to configure the first production release and subsequent extension releases. Building a strong foundation to support expansion and reuse is core to the success of an implementation.

The Initiate stage is further organized into three sub-stages:

**Plan**

Align the vision and roadmap to establish the foundation for the implementation. High-level tasks include:

- Defining the production release milestone
- Refining scope alignment
- Determining the implementation methodology

**Setup**

Validate and review the Pega provided features and capabilities with customer requirements and expectations. Tasks include:

- Establishing environments and processes
- Creating the baseline application
- Loading sample data
- Demonstrating the baseline application

# FREE Avery® Tips, Templates & Software!

## Basic Printing Tips

For detailed printing tips for your product, visit: **avery.com/printingtips**

- Adjust printer settings for "Paper Type" to "Labels" to optimize print quality
- Check the alignment of your printed layout by first printing on a plain sheet of paper. Hold the printed sheet behind the Avery product to check the alignment of your layout. When satisfied with the layout, print onto the Avery product.

*Note: Avery labels with TrueBlock™ Technology are opaque. If you have purchased these labels, compare your plain sheet of paper side by side with the Avery labels with TrueBlock™ Technology.*

- When printing label products, do not feed labels through your printer more than once. The Avery satisfaction guarantee extends only to a sheet of labels that has been fed through a printer a single time.
- Use only Avery brand products for guaranteed results.

## Consejos Básicos de Impresión

Para consejos detallados de cómo imprimir visite la sección Ayuda de nuestra página web **avery.com.mx**

- Seleccione "Etiquetas" dentro de las opciones de "Tipo de Papel" para optimizar la calidad de impresión.
- Revisa la alineación de tu documento haciendo una prueba en una hoja en blanco. Sostén la hoja detrás del producto Avery para verificar la impresión. Una vez comprobada, imprime directamente en el producto Avery.

*Nota: Las etiquetas Avery con Tecnología TrueBlock™ tienen respaldo opaco. Si estás utilizando estas etiquetas, compara la prueba de impresión colocándola frente un lado de las etiquetas Avery con Tecnología TrueBlock™.*

- No utilices la hoja de etiquetas en la impresora más de una vez. La Garantía de Satisfacción Avery sólo se extiende a hojas de etiquetas que han pasado por la impresora una sola vez.
- Utiliza solamente productos Avery para resultados garantizados.

TEST

The following describes separate terms for Blueprint payment plans we may offer you, and are not part of your Cardmember Agreement.

**PAYMENT OFFER — PURCHASE APR AND SPLITS**

This Section explains our Finish It and Split plans, which apply if offered to you and you accept it.

Finish It lets you select a portion of your balance. Split lets you select a specific purchase. For both, you can establish payments to pay off ahead of your regular schedule. We call both these features your Plan.

The amount of the payments you establish under your "Plan Payment" will be shown on your monthly statement. It is separate from your required Minimum Payment.

Your Plan Payment will be included in your "Blueprint Payment". This will also be shown on your monthly statement. The Blueprint Payment also includes your required Minimum Payment amount. The actual required Minimum Payment will be shown on your monthly statement. Making your full Blueprint Payment will satisfy your required Minimum Payment.

These Plans are optional features of your Account. You must make your required Minimum Payment by its due date. However, not making your Blueprint Payment will not put your account in default. If you do not pay enough to satisfy at least your required Minimum Payment, your Account will be in default. Then, we may take any of the Actions explained in this Agreement.

**Interest Charges associated with your Plan Balance(s) will be limited the same way as those for the category of interest from which you selected your Plan Balance(s).**

Even if you make your required Minimum Payment, we will remove your Plan from your Account if you (i) not make at least half of your Plan Payment (a) for 2 months in a row or (b) for any 3 months in a rolling 6 month period. Also, if you ask us to, we will remove the Plan from your Account. If your Account is in default, the Plan may be removed from your Account.

If a Plan is removed from your Account, your Plan Balance(s) will move to the category of balances from which you selected your Plan Balance(s). They will be treated as those balances for all purposes.

If there are balances on your selected with a higher Annual Percentage Rate than your Plan Balances, generally we will credit payments over the required Minimum Payment to balances with the highest rates first. We will then credit lower rate balances in descending order of the value of those rates. This may affect the amount of any payment to be made to Plan Balance(s).

**PAYMENT OFFER — FULL PAY**

This Section explains our Full Pay plan, which applies if it is offered to you and you accept it.

The Full Pay feature lets you select one or more types of Purchases to be separated out on your monthly statement. You can pay these in full every month. The total of the types of purchases you pick is called your Full Pay Balance.

The amount of the Full Pay fee does is determined at the end of each billing cycle. It is separate from your required Minimum Payment.

The Full Pay Balance amount will be included in your "Blueprint Payment". This will also be shown on your monthly statement. The Blueprint Payment also includes your required Minimum Payment amount. The actual required Minimum Payment on your Account will continue to be shown on your monthly statement. Making your full Blueprint Payment will satisfy your required Minimum Payment.

If you do not pay enough to satisfy your Blueprint Payment by its due date, interest on the amount Full Pay Balance will be charged. This interest will start on the first day of the billing cycle in which you did not make your payment. As long as you make your regular required Minimum Payment by its due date and making your Blueprint Payment will not put your Account in default.

In which Charges are not calculated on your Full Pay Balance as long as you are active in the Blueprint plan and pay your Blueprint Payment in full by your payment due date.

If you do not pay your full Blueprint Payment by you explore due date for 3 months in a row we may remove the Plan from your Account. Also if you tell us to, we will remove the Plan from your Account. If your Account is in default for any of the reasons stated in this Agreement, we may remove the Plan from your Account.

If a Plan is removed from your Account the unpaid Full Pay Balance will be treated the same as Purchases. We will apply the Purchase APR interest rate on the unpaid Full Pay Balance beginning the 1st day of the cycle in which the Plan was removed.

Generally we will credit payments over the required Minimum Payment for your Account to balances with the highest rates first. We will then credit lower rate balances in descending order of the value of those rates. This may affect the amount of any payment to be applied to Full Pay Balance(s).
